### FIRE SCENE

Blazing Buena Vista Hotel at Cowichan Bay seen about 3.30 this morning as fire swallowed the 60-year-old wooden structure almost without a trace. All 11 guests escaped safely. A week ago, in sharp contrast, 84 persons were registered there overnight. (Other photos, Page 13.)

### Buena Vista Resort Lost in Dawn Blaze

By AB KENT, Staff Reporter

Lowering themselves on a rope of bedsheets saved a Seattle couple from flames which destroyed the \$100,000 Buena Vista Hotel at Cowichan Bay early today.

There was no loss of life and 18 persons including nine registered guests, escaped from their beds without injury. Two other guests were burned slightly.

Fire, started, it is believed, in the kitchen or second-storey laundry room about 2 a.m., then spread rapidly through the 60-year-old frame structure with its more modern annex.

Loss is covered by insurance. Mr. and Mrs. Chef Costa, Seattle restaurant owners who arrived late Sunday on a fishing trip, were trapped in their second-floor room overlooking the front of the hotel.

Mr. Costa made a rope of bedclothes, lowered his wife to a canopy over the front steps, then climbed out himself.

### NEW SOLARIUM OKAYED; QUICK START PLANNED

Health Minister Eric Martin today approved plans for an \$800,000 building to house the Queen Alexandra Solarium at Gordon Head, facing Finnelly Bay.

Tenders for the first phases of construction of the new building will be called immediately.

The building will be in two levels with the entrance into the upper level containing the administration offices. The lower level will provide 64 beds. Completion target date is "early 1957."

Mr. Martin said one-third of the estimated \$800,000 cost will be paid by a provincial government grant-in-aid. Architect for the new building is Charles E. Craig of Victoria.

### Two Brothers Drown When Boat Capsizes

VANCOUVER (CP)—Marshall Higgins, 22, and his 16-year-old brother Bruce, of neighboring Surrey, were drowned Sunday when their outboard motorboat capsized in wind and heavy seas off Horse-shoe Bay, 15 miles north of here. They were among six British Columbians who met violent death over the weekend.

A companion, 23-year-old Lorne Pearson of Surrey, was rescued some five hours later from a small island where he managed to reach shore. He was taken to hospital in a state of shock and suffering from exposure.

The three were apparently fishing when their 12-foot boat overturned. An RCAF Canoe and an RCMP launch searched the area but were unable to find any trace late Sunday, of either of the victims or their boat.

Pearson was unable to give any account of the mishap because of his condition, police said. They were unable to say where the accident occurred or how he managed to reach Boyer Island, where he was found by a water taxi.

Others who met death were: Mrs. Connor Ewenson, 65, found dead of domestic gas poisoning in Vancouver Sunday.

Frank Graf who was struck and killed by a car late Friday on the Alaska Highway near Fort St. John.

The names of two men killed in traffic accidents at Haney Saturday and downtown Vancouver Sunday were not released.

### Smoke Awakens Sleeping Guests

About eight employees including the manager, his wife and two children, plus four guests, slept in the south annex. The others and hotel owner were in rooms in the main building, which had one floor above the main level.

William Howell, Vancouver, relief government dock agent at Cowichan Bay, lived in the hotel since Oct. 1. He was in room 11, opposite the linen room where he believes the fire broke out.

Smelling smoke, he arose, dressed as quickly as he could, grabbed his camera and went into the hall where he met Duncan car salesman Kenneth E. Smith.

The two of them checked other rooms in the building to arouse guests then ran for the lobby. Howell picked up an adding machine, Smith the hotel register as flames began coming down stairs.

Two teen-aged maids, Ruth Robinson and Ruth Rawlinson, had made a similar round of guest rooms before the fire gained too much headway.

"The smoke woke me up," said Howell, who lost everything but what he wore, and his camera.

"I really moved—you don't think much in cases like that. I put on what I could, grabbed my camera and ran downstairs. I went back upstairs with Ken Smith. We checked to see that everyone was out and went down to the lobby.

"We couldn't have got back up after that because the flames were already coming downstairs.

"I never saw anything go so fast. Within three to five minutes the fire spread all over. We just grabbed what we could and said 'let's get out of here.'"

"I lost everything, including about \$10 in my wallet."

In the safe were about three days' receipts in cash, said Mr. Striethorst. An office desk, made of steel but badly buckled and burned by the intense heat, was balanced atop a furnace having dropped through the burning lobby floor. There was no sign of the safe in the heap of rubble.

At Cowichan Bay Motor Court, at the rear of the hotel, two cabins were scorched. Occupants of one, F. W. Gooch, and his wife, of Victoria, packed and were ready to leave at a moment's notice, but relaxed when it was apparent they were out of danger.

"The saving grace was the wind," Mr. Gooch said. "It was blowing toward the water."

### Wreckage, Raft of Lost Plane Picked Up by Ship; No Life Seen

LONDON (AP)—U.S. Air Force headquarters announced tonight the British tanker Navicella has picked up a yellow raft in the area where earlier today two aircraft wheels were

found in the search for the missing U.S. transport plane with 59 persons aboard. There was no sign of life.

The raft, partly deflated, had American markings.

Today's finds were the first clues since the C-118 suddenly vanished Wednesday night.

Since the transport vanished one of the greatest aerial searches ever undertaken has sent American and British planes flying over the Atlantic night and day looking for survivors.

The search now is centred on an ocean area 370 miles southwest of Land's End, southernmost extremity of England.

The Navicella, en route to Hamburg, put her helm over and slowly moved around the spot where she found the wheels hoping for the sight of rafts or dinghies with survivors or even more wreckage.

Six other ships as well as a covering of planes joined in the search.

### Comox 'Lancs' Last in World ---RAF Retires Famed Aircraft

The Royal Air Force today retired the last four-engined Lancaster from active service, thus leaving Vancouver Island with the only operational Lancaster squadron anywhere in the world.

The "last Lanc" in England is making its final flight today, prior to being broken up.

One bomber will be preserved by the British Air Ministry's historical branch.

Vancouver Island's squadron of 12 planes is based at Comox, and is used on regular maritime patrols.

The 12 "Lancs" are the only ones anywhere fully armed and "ready to go" in the event of war.

A Comox air base spokesman

said today the RCAF expects to replace the Lancs "in the foreseeable future" with U.S.-built Neptune P2V Mark 7s, such as are used by the air force on the east coast.

The RCAF also has a few Lancasters based at Rockcliffe, used only for photography, and at Torbay, Newfoundland, for maritime rescue work.

The famous bomber made more than 156,000 sorties against the enemy, dropping more than 300,000 tons of high explosives and 5,000,000 incendiary bombs.

It was responsible for sinking the German battleship Tirpitz, breaching the Mohne and Eder dams, bombing Hitler's

### RCMP Board Ship, Seize 5 Stowaways

MONTREAL (CP)—The RCMP, acting on a tip from European police, uncovered five Sicilian stowaways in a weekend raid on the French freighter Joliette as she sailed up the St. Lawrence River to Montreal.

An investigation was launched to determine whether the men were being smuggled into Canada by an alien ring or are wanted by European police.

Meanwhile, search of the 1,630-ton ship continued.

In addition to the stowaways, the RCMP arrested two members of the crew on charges of smuggling, following discovery of a few dozen women's skirts and several dozen bottles of perfume. Seventeen bottles of cognac, on which duty had not been paid, were also seized.

The raid was carried out Saturday by a 30-man RCMP detachment which boarded the ship at Father Point, Que. 150 miles downriver from Quebec City.

hideout at Berchtesgaden and smashing the V-2 rocket centre at Peenemunde, in eastern Germany.

At the peak of its strength in 1944 bomber command had 42 Lancaster squadrons. The planes' makers, A. V. Roe and Company, built 7,366 of them.

Marshal of the RAF Sir Arthur Harris, wartime head of bomber command, said of the Lancaster: "To my mind it was the greatest single factor in winning the war."

### Swede Frogman Dies in Panic On Radio Show

STOCKHOLM (Reuters)—Panic was believed to have caused the death of a Swedish frogman journalist, who died while broadcasting a commentary on a sunken galleon, preliminary investigation indicated Sunday.

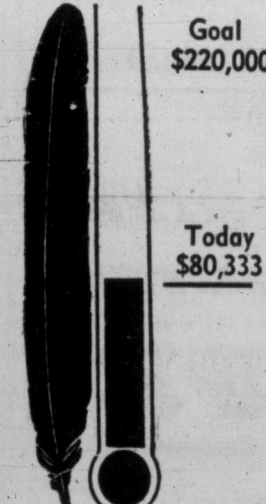

Ole Strandberg, 46, dived down Saturday to the galleon, which sank in 1676 and which lies 50 feet down near Stockholm, with a microphone fixed to the belt of his frogman's suit. His description was recorded by technicians in a motor launch above for a radio program.

Strandberg, who was not accustomed to diving in frogman equipment, suddenly was silent and then began to talk incoherently. The launch crew began to haul him up but found that his lifeline had snapped.

Frogmen found Strandberg's body lying on the wreck of the galleon without his oxygen mask. He is believed to have tangled his lifeline in a loose deck plank and, in a fit of panic, to have torn off his mask instead of releasing his oxygen container.

If he had released those, he would have automatically freed himself from his other equipment, and would have floated to the surface.

# New Mediation Opens on Suez

## Hamarskjold Again Key Figure After Soviet Uses 78th Veto

UNITED NATIONS, N.Y. (AP)—United Nations Secretary-General Dag Hammarskjold today makes a new attempt to bring Britain, France and Egypt to agreement on the Suez Canal dispute.

The task of mediation was kicked back to the secretary-general after Security Council endorsement Saturday of six principles for a settlement. This followed talks with Hammarskjold last week and a Soviet veto Saturday of a British-French demand for international operation of the waterway.

British Foreign Secretary Selwyn Lloyd has an appointment to see Hammarskjold today. Egyptian Foreign Minister Mahmoud Fawzi is still in New York but French Foreign Minister Christian Pineau has returned to Paris. A French spokesman said it has not yet been settled when Pineau, Lloyd and Fawzi will get together for more talks with Hammarskjold. He denied reports they had decided to meet in Geneva or at UN headquarters late this month.

### NOV. 12 MEETING

However, the three ministers, plus U. S. State Secretary Dulles, Soviet Foreign Minister Dimitri Shepilov and others are expected to be on hand for the opening Nov. 12 of the General Assembly. The six principles were unanimously endorsed by the Security Council as requirements "that any settlement of the Suez question should meet."

These are the six: (1) Passage through the canal should be free, open and without discrimination; (2) Egypt's sovereignty should be respected; (3) "Operation of the canal should be insulated from the politics of any country;" (4) Tolls should be fixed by agreement between Egypt and the users; (5) A fair part of the tolls should go for canal improvements, and (6) Arbitration should settle disputes between Egypt and the management of the Suez Canal Co. which operated the canal before Egyptian President Nasser took it over July 26.

### RUSSIA'S 78TH VETO

The 78th Russian veto in UN history killed the balance of the British-French resolution which would have endorsed the 18-nation London proposals for international control of the canal and would

# Suez Outlook More Hopeful Says Shepilov

PARIS (UP)—Soviet Foreign Minister Dimitri Shepilov said today the United Nations Security Council meeting in New York was satisfactory and could now lead to a "definite settlement" of the Suez Canal dispute.

The burly diplomat, wearing light-grey loafer shoes with holes punched in the tops for ventilation, shuffled out of a four-engined stratoscruiser from New York to find about 20 Soviet officials waiting.

Shepilov said: "We had frank discussions at the round table—which is, the best way of settling matters—and there should be no difficulties in settling the matter of the Suez Canal in a definite way."

## 'Back to School'

ONE of the very minor results of our recent election is that I decided to put out \$35 on a Junior Matriculation course known as Social Studies 30.

(It's given every Wednesday evening at the Central Junior High School. I learned about it from a pamphlet distributed by the B.O.B. (B.O.B. is the B.O.B.))

Officially, it's described as "a course on Canada, its geography, its history from the earliest times to the present; its peoples and cultures; its levels of government and their functions; and its role in international affairs."

I'm taking it because, after that Social Credit Rally, I came to the conclusion that it was high time for me to know a little more about this country in which I am a voter.

(I know very little Canadian history as, when I was 13, I was sent to England and consequently missed the Canadian history I should have got in high school.)

This, I figure, is my chance to leap. And, for me, it's easier to do it through a course than through independent reading. Left to my own devices, I'd probably be too lazy or too cluttered up with domestic chores to do the necessary studying. I wouldn't have the disciplinary deadline of a government exam held some time in June.

Actually, I'm a bit worried by the fact that I'm so much older than the others in the class. It's going to be a fight to keep up with those young brains. But I like that kind of fight. No challenge is no fun!

There were only six of us at the first lesson. But at the second, the number jumped up well, and the awful suspense of wondering whether we could have the course is over. We're all set to go!

So far, we've had one lesson on the main

physical divisions of Canada, and one on the main physical divisions of B.C.

It's not geography as I learned it at school. Then, it was a dreary business of drawing maps of squiggly rivers and herring bone mountains, and memorizing dreadful lists of towns and products.

This is different. The squiggly maps and rivers are still there, but we go on to basic occupations, social conditions, the changes made by improved transportation. We learn about the problems of communication up and down the coast, about the isolation of communities set in the fertile valleys among the mountains. We learn about the problems engendered by taking precious arable land for industrial use. (What's happening to the Fraser Valley? What, nearer home, are subdivisions doing to the agricultural land in Saanich?)

As an adult, I can understand these things. I didn't in my youth.

The information pours out of Mr. Snowsell at such a rate that we can't daydream or let our attention wander for a moment. The mental stimulation is terrific. The class is spellbound from start to finish.

I've never had anything to do with adult education before. But, to me, there's great delight in seeing that big school all lighted up in the evening, and in watching the adults going to their classes.

I don't know how they feel about their courses. But I know how I feel about mine. In my school days, my father paid the shot. Now, however, 35 bucks of my hard-earned column cheque have gone into this course. And, by Golly, I'm going to get my money's worth.

I hate the thought of that exam in June. But even if I fail it, I'll have learned a bit about this country and this province, about our constitution and our democratic rights and responsibilities.

Yessir! That's what Mr. Bennett's smiling, lighted picture did to me!

## Goldwyn Never Said It

LONDON—Goldwynisms are now as much a part of the language as Spoonerisms and Malapropisms. Who doesn't know that classic Goldwyn remark—"Include me out?" All most as well known is his comment when he

Reyrburn

saw a sun dial and was told it was a method of telling time by the sun—"What won't they think of next?" Most up-to-date Goldwynism: "I won't believe in color television until I see it in black and white."

Now, the interesting thing about all these Goldwynisms is that Sam Goldwyn never made them.

He is in this town on business and reporters and columnists flocked to his side and stood there with pencils poised, awaiting some typical Goldwyn gems about the Queen, Piccadilly Circus, the House of Commons or other things especially English. But nothing came.

He then confessed that he never delivered any of those remarks attributed to him and had no idea how the legend ever got started. His wife, who has been married to him for over 30 years, confirmed this.

She said that, over the years, if there was anyone in a position to hear Goldwyn make a remark such as "Anyone who bothers with a psychiatrist should have his head examined," it was she. But never had she heard a first-hand Goldwynism. "I know him well," she said. "He's just not clever enough."

A SHOCKING new magazine has made its bow here. Brought out by one of Britain's

biggest magazine outfits, it is a women's weekly periodical called Mirabelle—heaven alone knows why. It is not shocking in the sense that it should be censored. It's just that it is aimed at the lowest common denominator of mentality.

It is a love story magazine and its stories are told in pages of panels of drawings. It is the comic strip technique raised to the depths of corny romance. All that can be said in its favor is that at least it is not an English inspiration. The idea is borrowed from the Continent.

For quite a time now I have seen German and Italian maids who work in this country poring over this type of literature in magazines sent to them from home. We're sure progressing. Soon, with television and Mirabelle, we won't need to read at all.

FOR SOME REASON the recent episode of discus thrower Nina and the stolen hats has prompted several readers to write to me about a piece I did concerning my making a good fellow of myself quite accidentally by buying my wife a \$2.75 hat. Maybe it was the cheapest of the hats Nina made off with. Quite right—Nina and I both got our women's hats from the same London store. It is a place called C and A on Oxford Street, just along the road from Selfridge's. It has long been noted as a bargain centre for women's clothing and an interesting aftermath of the Nina business is that every London paper you look at these days is splashed with full-page ads for the C and A store.

Prepared to cash in on the publicity, the store pointedly omits any reference in the ads to the fact that they sell hats.

### Military Honors For Joan Kennedy At Tuesday Rites

Full military honors will be accorded at funeral services Tuesday for Col. Joan Kennedy, organizer of the Canadian Women's Army Corps in the Second World War.

Col. Kennedy died at her home, 1788 Rockland Avenue, Thursday, at the age of 52. Born in Middlesex, Eng., she came to Canada with her family before the First World War.

Her father, U.K. Territorial official, moved his family back to England during the war and they returned here following the armistice.

Col. Kennedy is survived by a brother, Colin Fensham, Victoria, and relatives in England.

Funeral will be at St. Barnabas' Church, Tuesday, at 2 p.m., and burial at Royal Oak Cemetery.

## ACROSS THE PROVINCE

# Vancouver Family Hit by Poisoning

CP and BUP Dispatches

VANCOUVER — Five members of a Vancouver family were recovering today from a mysterious weekend illness believed to have been food poisoning.

Mrs. Beatrice Fuoco, 35, of 1298 East Hastings, and her four children were treated Sunday at Vancouver General Hospital.

Mrs. Fuoco fainted in her home early Sunday, a few moments after she noticed that all her children were strangely ill. She managed to regain consciousness and call help.

**VANDALS WRECK CARS**

VANCOUVER — More than 20 Vancouver motorists are patching up their cars today from damages inflicted during the weekend by vandals. Licence plates, hub caps, aerials, radios, fender skirts and spare wheels were the targets. Some of the

cars were also looted of clothing and other valuables.

### GIRL ABDUCTED

VANCOUVER (CP) — Four men held by police will be questioned today regarding a report by a 19-year-old girl that she was abducted while waiting for a bus and raped.

The girl said that after she was forced into a car by three men she was taken to a house in the East End and attacked. She said she was unable to escape until two and one-half hours later at 5:30 a.m., when she managed to grab her clothes at the height of a drinking party. One of the men held was being detained as a witness.

### RECORD SCHOOL VOTE

VANCOUVER — Residents of West Vancouver passed a record \$1,380,000 school referendum Saturday by a 71 per cent majority. About 20 per cent of the eligible 10,000 voters exercised the franchise.

### PENTICTON GAS PRICE

PENTICTON — Cecil Smith, Inland Natural Gas representative from Vancouver, told Board of Trade here Saturday cost of gas in the interior of B.C. will be the same as it is at the coast.

### TRAINING COSTS UP

FERNIE — Students taking teacher training face \$500 extra costs this year with the establishment of the college of education at UBC. F. C. Boyes told the East Kootenay Teachers' Association Saturday.

### TRAIL SC ELECTIONS

TRAIL — Angus Drinnan of Rossland was elected Saturday as president of the Rossland-Trail Social Credit League.

### YOUTHS HUNTED

VANCOUVER — Police are hunting a gang of Vancouver youths in connection with a downtown assault early Sunday on a Burnaby motorist. A. L. Jarvis told police the youths jumped out of a car and attacked him after he tried to pass them, in his own car, on the Georgia Viaduct.

### Doctors Pinpoint Multiple Sclerosis Point of Attack

ST. LOUIS (AP) — Washington University scientists reported Saturday the discovery of the exact site multiple sclerosis hits in attacking the body. The scientists termed their pin-pointing "the most important advance in the fight against multiple sclerosis in more than 125 years."

Multiple sclerosis afflicts the brain and spinal cord, often leading to paralysis.

Dr. Sarah A. Luse, assistant professor of pathology at Washington University, said she confirmed the disease attacks the glial cells of which myelin, a fatty tissue, is a part.

It was pointed out, however, that the agent causing multiple sclerosis was still unknown and that there was no way of telling how the new information can be used in therapy for patients with multiple sclerosis and closely related diseases.

### Liberal MP Fined For Voting Fraud

MONTREAL (CP) — Hector Dupuis, Liberal member of the House of Commons for Montreal St. Mary constituency Friday, was convicted of illegally entering his wife's name on the voters' list for the June 20 provincial election.

He was ordered to pay a fine of \$400.

Counsel for Mr. Dupuis said an appeal will be entered immediately.

### Editor Dies at 60

PORTLAND, Ore. (AP) — Philip H. Parrish, 60, for 17 years editor of the editorial page of The Oregonian, died here Sunday after a lengthy illness.

## Sunset Ceremony Cadets To Get Awards Thursday

Plaques for the best cadet corps, in sunset ceremonies at the Legislative Building this year, will be presented at a public parade in Bay Street Armory Thursday at 8 p.m.

Under direction of 25 Militia Group commander Brig. John S. Adam, plaques will be presented on behalf of the city to 2455 Aircraft Control and Warning Squadron RCAF (Auxil.) and Rainbow Sea Cadet Corps, which will turn out in strength for the ceremony.

Representatives of all other units which performed ceremonies will attend.

Plaques were up for competition on a point system evaluated by parade commanders and a panel of judges.

Individual awards in the form of walking-out sticks bearing the city crest, were presented to the best guardsman on parade at each of the sunset ceremonies from June to August.

## City Cleric Accepts Free Trip To Visit Texans at Their Home

Rev. G. R. Easter of First Baptist Church will accept an all-expenses-paid trip to Dallas, Texas, on the invitation of a Texan family who attended services at his church several months ago.

He will combine the trip with a visit to Hamilton, Ont., Oct. 26, where his daughter Jean will graduate with a bachelor of science in nursing.

En route Mr. Easter will spend four days in Calgary to lecture at the Baptist Leadership Training School. He also will visit his former church in Brandon, Man., Oct. 21, and will

preach the Sunday service there.

Mr. Easter will leave here Monday and will be joined in Hamilton by Mrs. Easter.

He will continue to Dallas to visit the family sponsoring the last leg of his trip. Mrs. Easter will return by way of Chicago.

NEVILLE W. LIFE

### Saanich Names New Engineer

Neville Woodhouse Life, 35, city engineer for Port Arthur, has been appointed municipal engineer for Saanich. He will succeed H. D. Dawson, who is retiring at the end of the year.

The appointment was announced following a special council meeting Saturday.

Mr. Life, an honors graduate in civil engineering of Kings College, University of London, worked in the London borough of Wembley in 1948 before coming to Canada.

In 1950 he was appointed engineer of Wallaceburg, Ont., a town of 7,000. Three years later he became assistant city engineer of Port Arthur, and a year later was promoted to engineer.

## Punjab Pull Boot Upset; Gain Third

Punjab United, whose appetite for upsets apparently knows no bounds, vaulted into a tie for third place in the Victoria and District Football Association standings Sunday when they ripped in four goals in the second half to defeat Tillamums, 5-1.

Punjab, who upset Esquimalt last week in McGavin Cup competition, are heavily strengthened this year, having picked up several key players from last year's Dutch Wanderers' squad and have secured the services of veteran Cliff Robbins.

The clubs were tied, 1-1 at the half, as Punjab's Chris Brown and Tillamums' George Wright exchanged penalty-kick goals in the first half.

### SHOW POWER

Punjab roared back to take the honors with a four-goal outburst in the second half, with Brown getting his second goal, Robbins picking up a pair and Al Hendrickson scoring once.

At Heywood Avenue Park, Esquimalt and Canadian Scottish both picked up their first point of the season as they settled for a 1-1 draw.

Keith Todd got Esquimalt's goal and Ernie Eastlake equalized for the Scots.

On Saturday, George Robbins scored with one minute remaining to give Butler Brothers a 4-3 verdict over Heaneys in a McGavin Cup match.

Butlers held a 3-0 lead at the half on goals by Dick Neely, Harry Nicholson and Dave Wakelyn but Heaneys fought back grimly to tie the score as Nelson Crisp put them on the scoreboard and Bill Burley tied it with two more quick goals.

With a minute left, Butlers put on the pressure and won the match when Robbins broke through to beat goalie Bob Bunyan cleanly with the winning goal.

### POCKET ROCKET OUT; INJURES GIMPY KNEE

MONTREAL (BUP)—Henri Richard, younger brother of Maurice (Rocket) Richard, re-injured his right knee against the Boston Bruins in Saturday night's National Hockey League game and was expected to be out for at least three weeks.

The "Pocket Rocket," who first injured his knee in the all-star game Tuesday night, left the game and was taken to hospital after colliding with Boston's Leo Labine in the third period.

The 20-year-old pivot centres the Canadian second line of older brother Maurice and Dick Moore.

### FORD BLOWS CHANCE

## Playoff Needed In Western Open

SAN FRANCISCO (UP)—The 53rd annual Western Open Golf Tournament is supposed to be over—but six men tied off today still trying to decide the best professionals and amateurs in the field of 162 that tied off five days ago.

When the smoke cleared away from a torrid last round Sunday, four men still were deadlocked for the \$5,000 first prize. These were Doug Ford, Don January, Mike Fetcheck and Jay Herbert.

Ed Castagnetto and young John McMullin were tied for the low amateur score. The four men who tied for the title each came in with a 284 total—four under par for the 72 holes.

### HAD IT IN POCKET

Actually, it was Ford who threw the tournament into the four-way tie. He had the check in his hip pocket with three holes to go and a three-stroke lead over the rest of the boys.

But he froze around the greens, bogeyed each of the last three holes and joined the boys on the first tie today in an attempt to recover his equilibrium.

There were moans and groans from the other boys who tied, too. "I could have won it by sinking any one of three putts that were less than five feet," said Herbert, who had a 68 on his final round.

January was the hard-luck man of the day. He slipped the cup on the third, 14th and 18th. He had a 72. Ford had 71 and Fetcheck 70.

### Patty Berg Wins

HOT SPRINGS, Ark. (AP)—Patty Berg, who had led the four-day \$5,000 Ladies' PGA Arkansas Open golf tournament since its second day, fired a brilliant 71 to capture top money Sunday.

The St. Andrews, Ill., star's 287 for the 72 holes was five better than the 292 tallied by runner-up Louise Suggs.

off the former American mark set by Market Wise in the same event 15 years ago. Except for his run-away victory over Swaps in their match race at Chicago last year, it probably was the big bay colt's greatest performance, but it failed to alter his owners' plans for his retirement.

According to schedule, Nashua was to leave New York today by train for Lexington, Ky. He is expected to arrive there early Wednesday and then will make his final public appearance during special ceremonies at the Keeneland race track Thursday.

With Eddie Arcaro in the saddle, Nashua finished the long-distance hunt in 3:20.35, slipping two-fifths of a second

### OFF TO PRAIRIES

## Cats Still Seek Second Victory

Seattle 4, Victoria 3  
New Westminster 5, Vancouver 0  
Brandon 3, Winnipeg 3  
Edmonton 3, Calgary 3

Victoria Cougars, heading towards Winnipeg today for the opening game of their first prairie trip, will still be looking for their second victory of the Western Hockey League season when they tackle the Warriors Tuesday night.

They were only 22 seconds from nailing down their second win at Seattle Saturday night, but ended up taking their second defeat, 4-3, in two nights from the hard-skating Americans.

Fred Creighton and rookie Bruce Lea rapped in the goals that took the glitter from a great three-goal performance by Cougars' Doug Anderson, Creighton evening the count at 3-3 at 19:38 of the third period and Lea winning it after only 90 seconds of extra play.

The dramatic triumph enabled the Americans, last-place finishers in the western division last season, to remain in a first-place deadlock with the surprising New Westminster Royals, who blanked the Vancouver Canucks for the second time in two nights, winning by a 5-0 count.

Brandon Regals, who finished at the bottom of the eastern division last season, continued to set the pace in the four-team section as they played to a 3-3 overtime deadlock with the Warriors.

Edmonton Flyers and Calgary Stampeders battled to a 3-3 overtime deadlock at Calgary to remain in a three-way second-place tie with the Warriors, two points back of the pace-setting Regals.

Goalie Emil Francis almost picked up an assist on the goal that gave the Americans a tie at the end of regulation time. With 30 seconds left, Francis set out to join his forwards on a last desperate rush while his club was short-handed with Ed Dorohoy in the penalty box.

As Francis reached centre ice, he picked up the puck and batted it toward the Cougar goal, where Creighton pushed it in from a hectic scramble.

### DOUG SPARKLES

The veteran Anderson turned in a sparkling effort for the Cougars. He scored once in each of the first two periods to give the Cats a 2-0 lead and, after Americans had tied it up, drove in the tally that gave Victoria the 3-2 third-period lead that almost stood up.

Canucks, preseason choice to set the pace in the western division, went down to their third successive defeat on Saturday.

Rookie Billy Tibbs, who replaced Bent Bentley in the New Westminster nets after Royals dropped a decision to Seattle in their opening game, now has played 133 minutes and 45 seconds without allowing a goal.

Former National Hockey League performer Tony Leswick got his first WHL goal to salvage the tie for Edmonton.

Other Edmonton scorers were Al Barbour and Bill McCreary. Ray Barry, Dave Duke and Doc Couture tallied for Calgary.

At Brandon, Regals' Lyle Wiley got his first professional goal to tie the Warriors in the third period. Les Colwill and Howie Yanosick each scored once for the Regals, while Hugh Barlow, Bill Mosienko and Earl Ingardfield counted for the Warriors.

At Vancouver, (CP)—Joe Polley, chairman of the Olympic basketball committee, announced Sunday the names of basketball players who will represent Canada at the Olympic Games in Melbourne.

Cut to bring the team down to the allowable 12 members were Ted Ball of Vancouver and Herb Olafsson of Winnipeg.

Polley said the decision was made by a committee of five. The 12 selected are: John McLeod, Doug Brinham, Ron Bissett, Bob Pickett, Ed Wilde, Bob Burtwell, Ron Stuart and Mel Brown, all from British Columbia, Ed Lucht and Don MacIntosh of Alberta, and Coulter Osborne and George Stulac, Ontario.

**Vikings Keep Birds In Evergreen Cellar**  
VANCOUVER (CP)—Western Washington Vikings pushed University of B.C. Thunderbirds further down into the Evergreen Conference cellar here Saturday with a 7-0 victory.

It was a scoreless ball game until Viking's Jim Card intercepted quarterback Roger Kronquist's pass on UBC's ten-yard line in the third quarter and went over for the touchdown. Bill Karwacki came through with the convert.

**Mckenzie Resigns**  
TORONTO (CP)—Merv Mckenzie has resigned as commissioner of the senior Ontario Lacrosse Association, it was announced Sunday by secretary Charles Rowan.

## Wings Lead But Lose Delvecchio

By The Canadian Press

With seven games of the National Hockey League season written off, about the only resemblance between the current standings and the way they stacked up at the end of the last campaign is that they involve the same six teams.

Plus the fact Chicago Black Hawks are in last place.

Detroit Red Wings, who finished second last year behind Montreal Canadiens, are off and flying with three straight victories, including a 4-1 trouncing of the Maple Leafs at Toronto Saturday night and a 2-1 squeak over New York Rangers Sunday night at Detroit.

The Leafs and Boston Bruins jointly hold second place, each picking up their first victories Sunday night to add to a previous tie. The Bruins came back from a 3-0 loss to Canadiens at Montreal to win 3-1 at Boston while the Leafs needed only a first-period tally to defeat Chicago 1-0.

Montreal is in the unfamiliar position of a third-place tie with Rangers, a point back of Toronto and Boston, while Chicago is winless in three starts.

**DELVECCHIO SHELVED**  
A mishap in the Saturday game at Toronto cost Detroit the services, probably for eight weeks or more, of ace centre Alex Delvecchio.

Delvecchio, ninth in scoring last year, broke his right leg late in the first period when he was all alone in the Detroit end. He appeared to be trying to kick the puck out of danger when he bounced off the boards.

The Wings managed only 17 shots on Leaf rookie Ed Chadwick, including the four goals.

Marty Pavelich put the Wings ahead, Ron Stewart tied it up in the second and Ted Lindsay regained the edge. In the third period rookie Billy Dee and veteran Red Kelly put it out of Toronto's reach.

**EMPTY-NET CLINCHER**  
Until Canadiens pulled goalie Jacques Plante late in Sunday's game and Don McKenney slammed a 50-footer into the empty net, Montreal had swarmed all over the Bruins looking for the equalizer.

Boston's Terry Sawchuk was brilliant in turning aside 33 shots. In the first period, Bob Armstrong and Jerry Toppazzini beat Plante before Moore got Montreal's only tally.

Saturday night, Floyd Curry, Tom Johnson and Jean Beliveau scored Canadiens' goals in their 3-0 victory.

Tod Sloan did the only scoring at Chicago, his unassisted goal in the first period giving the Leafs their first victory.

Chadwick, helped by tight checking, made 31 stops, including several of the spectacular variety.

**Hawaii Kai Wins Inaugural Of Sahara Cup**  
LAS VEGAS, Nev. (UP)—Edgar F. Kaiser's Hawaii Kai III today held the championship of the inaugural running of the Sahara Cup race on nearby Lake Mead.

Jack Regas piloted the powerful hydroplane around the 15-mile, six-lap course back of Hoover Dam yesterday in 9:08.42 to win the gold cup and \$1,500 in prize money offered by the sponsoring Sahara Hotel.

Hawaii Kai got an assist toward the championship on the third lap of the final heat when W. T. Waggoner Jr.'s Shanty I developed engine trouble and dropped out of the race.

Guy Lombardo's Tempio VII, driven by Roy Duby, was fourth in the championship heat, and Miss Wayne, owned by Bud Sallee, Jr., of Detroit, was fifth.

Hawaii Kai, with 1,200 points, was followed by Miss Seattle 825, Shanty 800, Tempio 694, Miss Wayne 455, Miss Thriftway 225.

**ALL OUT FOR 187**  
KARACHI (AP)—Australia was all out for 187 runs in the second innings 15 minutes after lunch on the fourth day of the cricket test match against Pakistan. Pakistan now needs 69 runs to win the match.

**PITCHER SOLD**  
WASHINGTON (BUP)—The Washington Senators have sold rookie pitcher Connie Grob to Montreal of the International League.

**Rutherford Big Cog Of Tillicum Machine**  
Lance Rutherford, "Mr. Big" in the Lower Island Junior and Juvenile Soccer Association, added three more goals to his imposing total Sunday as he led Tillicums of Division I to a 6-0 victory over Canadian Scottish of Division II.

The victory gave Tillicums a two-point lead over McNutts, whose game with Optimists was rained out.

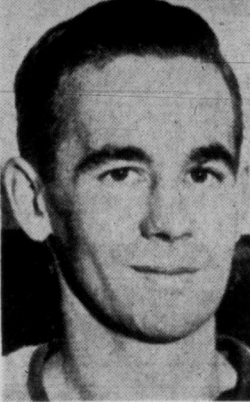

Rutherford scored two of his goals in the first half and Brian Vestrup added one as Tillicums took a 3-0 lead.

Gary Cooper and Jamie Costain made it 5-0 in the second half before Rutherford completed his hat trick.

Three inter-divisional games made up Saturday's slate. Eagles of Division III, on goals by Dave Collett and Eddie Kaiser, took a 2-1 victory from Heaneys of Division IV, whose lone goal was the property of Peter Kerr.

Fuller Clippers of Division III beat Victoria West of Division IV 4-1 as Fred Potts (2), Ken Gardner and Gary Foster scored for the winners and Bruce Morrison got the losers' goal.

Asbjorn Waldal scored twice to lead Eagles of Division IV to a 4-0 win over ANAF Vets of Division VI. The other two goals were notched by Jim Ackinlose and Larry McCann.

# Supertest Damaged At 190 MPH

Record in Sight When Mishap Hits

PICTON, Ont. (CP) — Canada's fastest propeller-driven speedboat — "Miss Supertest the Second" — came a cropper Saturday trying to beat the world record held by "Sio-Mo-Shun" of Seattle.

Miss Supertest, owned by J. Gordon Thompson of London, Ont., broke her sponson within 150 yards of the finish line of the measured course on Lake Ontario at Picton.

Observers said that Miss Supertest, driven by Dan Foster of Detroit, was traveling at least 190 miles an hour when the accident washed out the attempt to break Sio-Mo-Shun's record of 178.9 miles an hour.

Foster, who escaped with a cut nose, blamed the accident on the wash of a small boat near the course. He said the boat was doing better than 190 miles an hour when the sponson disintegrated.

Commodore R. Finlayson of the Canadian Boating Federation, who was in charge of Saturday's test, said: "I've never seen a hydroplane travel so fast."

Owner Thompson said that major repairs ruled out any further attempt by Miss Supertest to crack the record this year. Another attempt will be made next year and Thompson added: "We are still very much in the boat business."

The mishap was the third to hit Miss Supertest this year. Engine trouble forced her out of the Harmsworth Trophy race at Detroit. Later, a wave tore a hole in Miss Supertest's sponson when she was leading in the first heat of the President's Cup race on the Potomac River at Washington, D.C.

## Demarco Jolts Gavilan's Comeback Bid

BOSTON (AP)—Tough Tony Demarco, the No. 1 contender for the welterweight title, sidetracked the comeback hopes of former champion Dick Gavilan by pounding out a unanimous 10-round decision over the Cuban veteran Saturday night at Boston Garden.

Demarco weighed 146, Gavilan 148.

The 48-year-old Boston Bomber, unable to unloose his barrage at long range, turned to short, jolting blows to the head and body of the stylish-boxing Gavilan.

Demarco took the best punches Gavilan could throw without budging and bounced back with sharp combinations and a quick left to gain the votes of all three officials.

Gavilan's best efforts were a left hook and his famed bolo, usually with the right. However, those blows had little effect on the rugged Demarco, himself a former champion.

## Halecos Move Into Coast Soccer Lead

VANCOUVER (CP)—Vancouver Halecos moved to the top of the Pacific Coast Soccer League Saturday with a 4-0 victory over St. Andrews at Callister Park in Vancouver.

Centre-forward Art Hughes starred for the winners with three goals and outside-left Norm McLeod added the other. Hales led 3-0 at half-time and added another in the second.

McLeod scored the first goal at 12 minutes on a pass from Frank Sealey on the wing.

Hughes made his first score at 30 minutes when he tapped in a pass from McLeod with his boot. Eight minutes later he headed a shot in from a corner kick.

With 10 minutes remaining in the game Hughes scored his third when he headed in a shot from Ed Bak.

# Three-Way Dogfight Shaping Up in WIFU

McNamara Equals Record; Scores Six Against Lions

By The Canadian Press

The Western Interprovincial Football Union has entered the home stretch with the three playoff teams picked, but any one of them has a chance to grab the first-place bye into the league final.

Edmonton's Grey Cup — champion Eskimos are favored to take first place for the third straight year. They whipped Saskatchewan Roughriders 37-17 before 14,500 fans at Regina Saturday to drop Riders into a second-place tie with Winnipeg, two points behind Edmonton.

Blue Bombers, who won 40-8 over British Columbia Lions Saturday night on halfback Bob McNamara's record — equalling six touchdowns before 26,300 at Vancouver, now must lose the Eskimos enough so Bombers or Riders can overtake them.

In the eastern Big Four union, Saturday's games went according to form. Montreal Alouettes pounded the Argonauts 28-13 in Toronto and Hamilton Tigers winning 40-24 over Ottawa Rough Riders.

Argos, with only 10 imports dressed, drew starring efforts from homebreds Bobby Kuntz and Royal Copeland, but couldn't counter the generalship and passing of Alouettes' Sam Etcheberry. Etcheberry tossed touchdown passes to Hal Patterson and Joey Pal and sent Pat Abbruzzi and Fob James through the line for n jors. Bill Bewley kicked three converts and a single.

Toronto's Arnie Galiffa tossed touchdown passes to Dick Shatto and Copeland.

Curcillo's Passing Swamps Riders

Ottawa led 17-13 at half time in Hamilton before being swamped by quarterback Tony Curcillo's passing. Curcillo tossed to Ralph Goldston for a pair and to Hal Waggoner for one, and went over himself for another. Cookie Gilchrist plunged for a major and Ray Truant scored the final TD after an interception.

In the Ontario Rugby Football Union, Toronto Beavers — me from behind to beat Sarnia Golden Bears 41-17 and climb within two points of the top-place Kitchener — Waterloo Dutchmen. The ORFU rescheduled its remaining games to write out Rochester Rockets who have folded for the season.

Saturday's meeting was the last of the WIFU schedule between Riders and Eskimos and left them 2-2 in four games. Blue Bombers meet the champions twice in their last three games — including tonight at Edmonton.

Eskimos must win their last three games to top the league. Lions, who saw their playoff chances leave with the Bombers Saturday night, are six points behind Bombers and Riders. A victory tonight over the last-place Stampede at Calgary would do no more than keep alive a faint mathematical chance to tie Winnipeg or Saskatchewan for third.

With meetings against, Edmonton and Saskatchewan to come, Lions aren't conceding any hope. At Regina Saturday Eskimos broke up their first-place tie with Riders by scoring three touchdowns in the second half of what started out to be a tight contest.

Bill Rowekamp's fourth-quarter interception of a Frank Tripucka forward in the Edmonton end zone ended Riders last thrust.

Bill Walker got credit for two Edmonton touchdowns, one on a 37-yard forward pass from quarterback Jackie Parker and the other by recovering an end-zone fumble by Rider halfback Alex Bravo. He also blocked a Larry Isbell punt to set the stage for Reed Henderson's recovery in the end zone for a touchdown.

Parker scored once and passed 37 yards to Rollee Miles for another. Joe Mohr kicked four Edmonton converts and a field goal.

A Vancouver, McNamara equalled the Canadian mark for the number of touchdowns in one game. The former Minnesota All-American scored four of his touchdowns in the first half and took over the league scoring leadership with the 36-point output.

Halfback Ed Verb scored Lions' touchdown and Ron Baker converted it. Vic Chapman punted for a single.

Giants Drub Browns; Webster Runs Wild

NEW YORK (CP)—A couple of old Montreal Alouettes relieved the past Sunday as New York Giants crushed Cleveland Browns 21-9 in their own backyard, scoring their first victory over the perennial National Football League champions since 1952.

Giants halfback Alex Webster, who led the Big Four in scoring when he played for Montreal in 1954, had his biggest day in two seasons at New York, scoring all three touchdowns.

And Cleveland's George Ratterman, who served an unhappy term as the Alouettes' quarterback for part of 1951 season, probably hasn't been thrown for as many losses in a single afternoon since he jumped the Canadian club and returned to the NFL after his original desertion of the old New York Yankees.

While the Giants were drubbing the defensive-minded Browns, who had yielded a total of 19 points in their two previous games, Chicago Cardinals won their third straight game, downing the winless Washington Redskins 31-3 to reign undefeated in the eastern conference.

Tied with the Giants for second place with two victories in three starts were Philadelphia Eagles, who defeated Pittsburgh Steelers 35-21.

Detroit Lions remained unbeaten in the western conference, stalling a late Los Angeles drive to edge the Rams 24-21. Chicago Bears were second by virtue of a 31-7 rout of San Francisco 49ers while Green Bay Packers won their first game, 38-33 from Baltimore Colts, to move into a four-way tie for third place.

SPECTATORS TOO

## Louisiana Searegates All Sports

NEW ORLEANS (AP) — Louisiana today segregated all sports.

It will be illegal for white and Negro amateur professional players to compete in the same "athletic training, games, sports or contests." Spectators also must be segregated. The maximum punishment is a \$1,000 fine and one year imprisonment.

Soon after Democratic Governor Earl Long signed the bill July 17, some colleges began canceling their commitments to appear in Louisiana for football and basketball games.

Notre Dame, Dayton and St. Louis quit the Sugar Bowl tourney. The Sugar Bowl substituted Alabama, Houston and Virginia Tech to play with Kentucky, only team remaining of the original four invited.

Boxing previously was the only sport specifically segregated throughout the state. That ban was applied through a rule of the Louisiana State Athletic Association. The new state law goes further; it will prohibit white boxers from working out with Negro boxers in gyms.

### Slav Consul's Wife Held As Shoplifter

SAN FRANCISCO (AP) — The pretty, 26-year-old wife of a Yugoslav vice-consul was held for five hours during the weekend on a shoplifting charge.

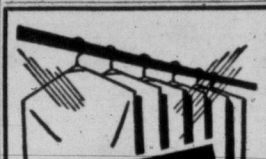

Mrs. Sonje Juznic, a native Serb and citizen of Yugoslavia, was arrested late Saturday by a store detective. She was released without bail after police consulted with the state department in Washington.

Police Inspector Al Corrassa said Mrs. Juzic had \$26.75 worth of store merchandise in her shopping bag.

Yugoslav Consul-General Branko Karadzole denied Mrs. Juzic's guilt, called the affair "a bad misunderstanding."

### Non-Christian Third Wife For Queen's Cleric

LONDON (AP) — Queen Elizabeth's chaplain announced Sunday his engagement to a widow who, he admits, "does not call herself a Christian."

Canon Charles Earle Raven, 71, said he will marry Mrs. Helene Jeanty, 52, a heroine of the Belgian resistance during the Second World War, Dec. 6 in St. Martin-in-the-Fields, historic Anglican church.

Mrs. Jeanty's husband was shot by the German Gestapo for sheltering Allied airmen in their home. She escaped execution by feigning insanity and spent two years in an asylum.

Canon Raven, one of Britain's foremost theologians, has been married twice before. His first wife died in 1944 and his second, an American, died 12 days after their wedding. She was Mrs. Ethel Paine Moors, 80-year-old widow of a wealthy Boston banker and lawyer.

### HAS HER DOUBTS

Canon Raven and his bride-to-be first met on a television program discussing religion. Speaking with reporters just before going into his pulpit Sunday, he said he is disturbed at reports that Mrs. Jeanty is an atheist.

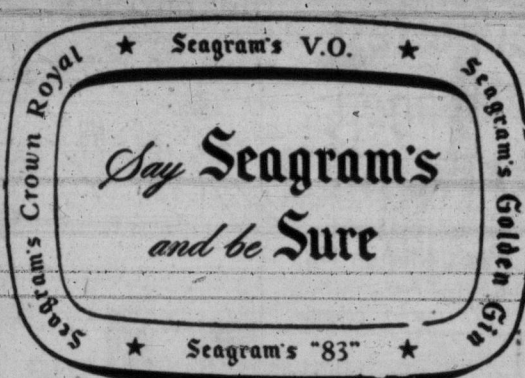

"Madame Jeanty does not call herself a Christian," he said, "but to say she is not religious is untrue."

"She is merely bewildered about Christ. Her difficulties about Christ are theological and due, very likely, to ignorance to the theological niceties."

"She goes to church . . . and will be very glad to be married to me in a church. Madame Jeanty does believe in God and has prayed with me," he said.

"RPM 10-30 Special" cuts engine drag to increase usable power up to 15%

This new kind of oil combines the free-flowing qualities of a light grade oil with the protective strength of a heavy grade to cover every range of motor oil performance from SAE grade 10W through 30. The result is less "drag" between moving engine parts. And this means . . .

**Extra usable power** — up to 15% more — for hills, passing, pick-up in traffic.

**Full-time protection** of vital engine parts. Free-flowing "RPM" goes to work the instant you touch the starter. Completely lubricates hydraulic valve lifters.

**Gas and oil savings** — up to 1 gallon of gas in every 8, oil consumption improved as much as 33% compared with light grade motor oils.

**More knock-free acceleration** — "RPM" fights off cylinder-head deposits that cause knock, improves octane performance.

**Longer battery life** — because your engine turns over faster and easier for instant starting.

**Improved performance** in all seasons, all climates. Meets requirements of today's high-compression engines.

## NFB Movie, B.C. Setting Wins Award

EDINBURGH (CP)—Two Canadian films—one an abstract animated movie and the other a simple story set in the Kamloops area of British Columbia—have been awarded diplomas of merit from the Edinburgh International Film Festival.

Both films were produced by the National Film Board of Canada.

They are Norman McLaren's "Tyndale," a moving design of numerals in action, and "The Shepherd," produced by Julian Biggs, telling the tale of a shepherd guarding his flock from dawn to dusk.

## Swedish Girls Leap Into Victoria Hearts

By PETE LOUDON

Fourteen young Swedish girls, seven blondes and seven brunettes, shot through space like guided missiles Saturday night landing on target in the hearts of over 1,250 Victorians who packed Central Junior High School auditorium.

The team of young gymnasts extended their own velocity with a springboard contrivance known as a Swedish plint.

This may be the origin of the word splint because that's what you'd be wrapped in if you jumped on it unequipped with the wiry young frames and bouncing abilities of the Sofia girls.

The plint was the most spectacular of the various items of gymnastic apparatus the girls brought with them all the way from their northern European homeland.

### LIKE FEATHERS

Airborne from a leap on the plint, these youngsters (all between 15 and 21) did front somersaults and swan dives over a four-foot-high wooden horse and landed like feathers. They did their tumbling faster than they could say "Jack Robinson."

Graceful as girdle ads, they conducted shoeless rope skipping exercises in soundless fashion. They carried out ballet-like balancing exercises on a wooden high bar seven feet above the mats. They donned native peasant dress for folk dances.

The audience had to remind itself these girls were not professional acrobats but merely school girls and young working women.

Those who still attend school under Mrs. Maja Carlquist, their famed leader who directed the show, studied all summer to obtain a two-months' leave of absence for their tour. Those who are graduates saved up their holidays from work.

### CHARMERS

Living testimonials to strength through joy, beauty through exercise, each girl was a charmer. Many a local youth sat through the evening with a dazed, stupid, captivated look. The local swains had little time to meet the girls. Billed with local Swedish-Canadian families, the visiting youngsters observe strict schedules of sleep and rehearsal. Already they have

pushed on to Port Alberni for a show tonight. They will do four more in B.C., 10 more in Canada.

The Sofia girls brought their new type of rock 'n' roll from Sofia Elementary School at Stockholm. In 20 years the school has provided more than 600 demonstrations.

Sofia teams are known in all of Europe and the Middle East. They came here under sponsorship of the Victoria Branch, Canadian Association of Health, Physical Education and Recreation. The Victoria Swedish Community and Oak Bay High School YTeens aided in the presentation.

Victoria High School Band, led by conductor Rowland Grant, provided musical background. CAHPER president George Grant and B.C. minister of health and welfare, Eric Martin, welcomed the girls. Tour in Canada was arranged by Matthew Lindfors of Vancouver.

## ISLAND DIGEST

12 Victoria Daily Times MONDAY, OCT. 15, 1956

### Island Traversed By Duncan Group

C of C Group Uses Logging Roads To Prove West Coast Road Possible

Twenty-two members of the Duncan Chamber of Commerce travelled 44 miles by logging roads by car and jeep Saturday to strengthen their argument for a West Coast road.

The caravan journeyed east to west from Cowichan Lake to Nitinat Lake opening into the sea.

#### TOOK TO JEEPS

Main part of the trip was made by car but when roads became almost impassable members transferred to jeeps.

After a seven-hour round trip, they reported that a West Coast road opening up lush hunting and fishing areas is a "practical possibility."

The logging roads, passing through spectacular scenery, were opened by MacMillan and

Bloedel Ltd. and B.C. Forest Products Ltd. A rough stretch midway was cleared recently by Cowichan Copper Mining Co.

#### FRIENDLY NATIONS

Chamber members also brought back word that the natives at Nitinat Lake are "friendly and civilized."

Disappointed that there was no time to drop a line, one member of the tour approached an Indian squaw at the lake.

"You guttum fish?" he asked. "Me buy. Takum home."

"Sorry," replied the squaw. "I don't have any fresh fish but I can give you lots out of the deep freeze."

### \$73,000 in Stamps Exhibited in City

Valuable collection of stamps used in Britain and her colonies in 1856 was among displays at the October meeting of the Vancouver Island Philatelic Society in the Empress Hotel.

All 125 stamps in the collection could have been purchased for less than \$10 in 1856. Their combined catalogue value now is nearly \$73,000.

The exhibit was arranged by Dr. J. A. Pearce and Reg Nairne.

Winning entries in three

classes were "Egyptian stamps," owned by Major Sam Henson, general class; "Chalon Heads," Miss Jessie Gordon, topical class, and "Penny Reds," Miss Elizabeth Oliver, novice class.

Other displays in the non-competitive class were "Early Great Britain" issues owned by Mrs. V. Eardley-Wilmot, "Heraldic Lions on Stamps," Mrs. V. Molesworth, and "Wyon Heads, 1868-90," Miss Jean G. Roberts.

Awards were presented by commentator Gerald E. Wellburn.

The society's silver anniversary will be celebrated Oct. 24 with a banquet and display of trophies and medals won by members since the club was organized in 1931.

### 800 See 'Witness' Film At Duncan

Jehovah's Witnesses South Vancouver Island Circular Convention, which concluded at Duncan Sunday, was attended by 517 delegates.

Attendance climbed past 800 for a Saturday night film showing growth of the Witnesses in other countries. Earlier, five women and four men were baptized with total immersion in a font set up in the curling rink.

A house-to-house canvass to invite Nanaimo residents to attend an afternoon meeting was conducted early Sunday.

Chairman of the convention, Albert Franklin Danley, told the delegates Friday that many Witnesses jailed in Poland for religious beliefs had been released after petitions taken in Canada last summer were forwarded.

A sanctuary lamp has burned since 1717 in the Ursuline Convent at Quebec, founded in 1639.

### 54-Lb. Pumpkin Takes Prize For Cowichan

CHEMAINUS—Prize pumpkins of the Cowichan district this year were grown by a Westholme father and son.

The pumpkin grown by former councillor Jack Pinson weighs 54 pounds while the pumpkin grown by his son, Ed, tips the scales at 53 pounds.

Mr. Pinson's prize stands 18½ inches high while his son's pumpkin is 17 inches high. Oddly enough, both measure the same in circumference, 54½ inches. Both were grown from seeds planted last May and never received a drop of water other than rainfall, which was sparse this year.

Mr. Pinson reports there were 10 other pumpkins on the same vine with his big one.

## Children's Ice Rink Proposed for Arena

### Aldermen Also to Ask For Auditorium Setup

Expansion of Memorial Arena to include a children's skating rink and alterations to permit use of the main seated area as an auditorium, was suggested today to Greater Victoria Centennial Committee.

Ald. Geoffrey I. Edgelow, chairman of the group, said he was asking the committee to divert an anticipated \$70,000 centennial grant for that purpose.

The committee must decide soon how it will use the grant, which is expected to be paid early in 1957, if any project is to be completed by centennial year 1958.

The government has offered two grants. One of 40 cents per capita will be paid all municipalities planning 1958 celebrations, to assist with cost of festivities.

The other grant of 60 cents per capita is for a centennial project of "lasting value and significance." To obtain the second grant, municipalities must match the grant dollar for dollar.

Greater Victoria, which is considering one major project by all member municipalities, would have to contribute another \$70,000.

On a per capita basis this would mean Victoria would have to raise about \$31,800, Saanich \$22,800, Oak Bay \$8,400 and Esquimalt \$6,600.

Alderman Edgelow said his plan would mean the north end of the arena would be torn out and a stage erected with a globe-shaped roof to provide better acoustics for symphony concerts. The children's skating rink would be built as an "ell" to the present building, using the same ice plant.

For concerts and conventions, removable seats would fill the arena floor area.

"All of Greater Victoria uses the arena. All of Greater Victoria would benefit. If we build an auditorium elsewhere we are going to hurt the arena business," Alderman Edgelow said.

The Hudson's Bay Company parking lot might be available for evening parking, he suggested.

"It is a method of getting an auditorium and it would cost less than building a separate one."

Alderman Edgelow said the plan would hinge on the city buying all the lots in the Arena-Curling Rink block and making the land available for the inter-municipal project.

## BETWEEN TIMES

By  
**MONTE ROBERTS**

The Canadian Tourist Association has conferred a signal honor on the city of Victoria.

(The Canadian Tourist Association, in case you are in doubt is devoted to the importing of tourists to Canada, not the export of Canadian tourists to other climes.)

And the Canadian Tourist Association has risen up and said, with one voice, Victoria tourist enticers are the best tourist enticers in this whole, wide, wonderful nation.

In proof of this, the Canadian Tourist Association has presented to the Victoria and Vancouver Island publicity bureau a large and richly embossed plaque.

The plaque sets forth, in no uncertain terms, the opinion that Victoria's tourist enticers did the best job of tourist enticing seen in many a long year.

So I am going to ask you to join with me in saying, Well played, chaps. Bully for you. Huzzah. And all that sort of thing.

But I am also going to suggest, our tourist enticing chaps must remember to keep a straight bat, regardless of a sticky wicket.

You have done well, chaps. Flower baskets are an undoubted success, tally-ho's are holding their own, also tally-ho horses, and our supply of Olde English gardens appears to be adequate.

But what, I ask you tourist-enticing chaps, of the crumpets?

What, indeed, of that all-important duo, tea AND crumpets?

After all, chaps, one mustn't let the side down, must one?

And to not let the side down, one must face facts. After all, life is not all beer and skittles.

Life is tea and crumpets, too. Even in Victoria, tea and crumpets are in grave danger of giving way to coffee and doughnuts.

One cannot gainsay this: one cannot have a little bit of Olde Englannde when one asks for tea and crumpets in a commercial establishment, and all one is offered is coffee and doughnuts.

There is only one solution. The popularity of coffee in juxtaposition with doughnuts is based on the efficacy with which doughnuts can be dunked in coffee.

Doughnut dunking has come close to spelling the end of tea and crumpets.

Chaps, (tourist enticing chaps, I mean), there is only one solution.

Get up a campaign to popularize crumpet dunking. This shouldn't be too hard, because the absorbent qualities of a crumpet far exceed those of a doughnut.

Once we make crumpet dunking The Thing To Do, Victoria will become the Mecca of all Dunkers.

## COWICHAN RESORT HOTEL RUINS

This is all that is left of famed Buena Vista Hotel, popular Cowichan Bay landmark. Fire ripped through the structure early this morning, forcing guests to flee in night attire. Structure was levelled in three hours.

## \$100,000 EXPANSION AT VMD

### New Plate Shop To Be Constructed

Expansion of steel fabrication facilities costing upwards of \$100,000 is underway at Victoria Machinery Depot's Bay Street plant.

Main construction is of a plate shop equipped for high crane erection. It will be 60 feet high, 200 feet long, and 55 feet wide.

Recently completed is an adjoining stores building.

VMD officials said today the expansion is necessary because of a flow of orders from B.C. industries, mainly pulp mills and oil refineries.

VMD is one of Victoria's oldest industries, founded 92 years ago. In recent years it has added to its shipbuilding and repairing activities by increased production of industrial machinery, steel and iron pipe, pulp digesters, oil cracking tanks, propane storage tanks, and other equipment used by heavy industry.

Level Crossing Crash Sends Man to Hospital

PORT ALBERNI — A side-swiping collision between a half-ton truck and E & N locomotive hospitalized one and did \$800 damage to the truck late Saturday night.

In hospital suffering from unspecified injuries is Darryl Smith. His condition was termed satisfactory by West Coast General Hospital authorities this morning.

Driver of the truck, Wayne Nothcut, was released after a check up. Second passenger, Betty Ann Walton, was uninjured.

The accident occurred shortly after 11.30 Saturday night when the truck skidded sideways into the train as it crossed the Rogers Creek level crossing. The truck was dragged some 50 feet down the track by the moving train.

Completed this summer, the eight-room addition will be declared open by Harry Smith, who retired as principal of the high school in 1955.

At an assembly in the auditorium, the Hon. Ray Williston, former minister of education, will present scholarships to 17 graduates.

## HUNTER SAFE AFTER NIGHT LOST IN WOODS

Robert Walker, 21, 2372 Belmont, is none the worse today for spending Sunday night in the woods when he became separated from his companion during an afternoon hunting expedition.

He was supposed to have met Fred Berry, 21, 3307 Aldridge, at 4 p.m. but took a wrong turning on a logging road.

He was found at 7 a.m. today by Berry and companions, huddled under a tree, cold and wet, in a box canyon.

## Ex-Lakehead Publisher Died Sunday

Former owner of The News-Chronicle in Port Arthur, Ont., Duncan Robert Harrison died Sunday at his home, 2535 Cotswold, at the age of 77.

A 32nd degree Mason, Mr. Harrison became charter member of the Aura Lodge when he retired to Victoria in 1952. He also was a member of the Victoria Kiwanis.

Born in Morpeth, Ont., he was first associated with The News-Chronicle in 1917 as a newspaperman and later bought the paper.

He sold the newspaper to the Thomson chain in 1950.

Prior to 1917 he was a member of the 96 Lake Superior Regiment and after attending the teacher's school of instruction in Toronto, he organized four cadet companies in Port Arthur schools.

Education Panel Tuesday Night

"Pros and Cons of Modern Education" will be discussed by a panel at a meeting of the S. J. Willis PTA in the school auditorium Tuesday at 8 p.m.

Chairman and moderator will be Dr. Henrietta Anderson.

Panel members will be Dr. J. L. W. McLean, minister of St. Andrew's Presbyterian Church; Bob Baird, Hagar Investments Ltd.; Ald. Robert Macmillan; Mrs. Dorothy E. White, Miss Kathleen M. Thompson, and David Helmer, teachers at S. J. Willis.

Question and answer period will follow the discussion.

## Eight Injured As Car Rolls At Elk Lake

Eight young persons were injured, none seriously, when a rented car in which they were riding Sunday afternoon went out of control at Elk Lake and rolled twice in a nearby field.

Taken to hospitals in Saanich police cars and in the fire department ambulance were the driver, Sam Woo, 20, of 555 1/2 Fisgard, suffering lacerations to head and neck; Dave Bennett, 16, 417 Linden, with face bruises; Jackie Leone, 15, 568 Fisgard, back, head and leg bruises; Mark Lee, 15, 611 Chatham, bruised back and cut face; Ron Fox, 15, 1325 Rudland, injuries to back and neck; Leslie Buttrey, 14 (a girl), 1960 Ash, car, hand and knee lacerated; Carl Dewolf, 15, 1018 Balmoral, bruised back, and Marlow Boag (a girl), 14, 1532 Richmond, shoulder and head bruises.

The first five were taken to the Royal Jubilee Hospital and the remainder to St. Joseph's.

Woo and the Buttrey girl were the only ones admitted. Others were treated and sent home.

Damage to the 1956 U-drive was given as "more than \$1,000" by police.

RCN Requires 200 Men Monthly Says Admiral

The Royal Canadian Navy needs an intake of about 200 men a month to keep up to authorized strength, Rear-Admiral H. S. Rayner, chief of naval personnel, said in Victoria today.

He is here on a five-day inspection tour of ship and shore installations.

Admiral Rayner said present strength was about 1,000 below the 20,000 authorized, but progress was "satisfactory."

He said new entries were fine types of young men.

Admiral Rayner addressed a ceremonial parade at the Canadian Services College, Royal Roads, today.

## Wilson Confirms Sale Negotiations

Managing director J. Harold Wilson today confirmed negotiations are under way for sale of "stock and goodwill" of four W. and J. Wilson Ltd. stores in B.C. and Alberta.

Earlier reports that the premises, principally the store at 1221 Government at Victoria, were also to be included in the sale, he termed "rubbish."

He said the sale is expected to be completed within a week.

Prospective buyers were said to be Bruce B. Tingley, former assistant store manager of the Hudson's Bay Company here, William Clarke of McGill and Orme druggists, and Robert Thompson of National Cash Register Company.

Besides the Victoria store, which was founded in 1862 and is one of the city's pioneer operations, W. and J. Wilson Ltd.

operates "stores in Vancouver Hotel, in hotels at Banff and Lake Louise. The latter two operate only in summer months.

Early reports that the store transfer represented a \$1,000,000 deal could not be confirmed.

## A CORRECTION

In Saturday night's Times, in a report of the impending sale of W. & J. Wilson to a local group of businessmen, it was incorrectly reported that Bruce B. Tingley was "former store manager of the Hudson's Bay Company."

"Mr. Tingley's position at H.B.C. was assistant store manager. Manager of 'The Bay' in Victoria is Clare N. Chubb.

## HE (OR SHE) MISSED PLANE

### Mystery Guest Worries Kinsmen

Victoria Kinsmen are mystified.

Will their "mystery guest" arrive here in time to be "unveiled" at a giant Kinsmen bingo in Memorial Arena tonight?

The unidentified person was due here Sunday at 11.15 p.m., but missed plane connections at Montreal because of a visit to the washroom.

Now, weather and plane schedules permitting, he or she will not arrive until late this afternoon.

Meanwhile a room at the Empress Hotel, specially decked with flowers and greetings, is awaiting the mystery guest's arrival—and Kinsmen are keeping their fingers crossed.

The guest, chosen from 3,400 applications, is supposed to make an appearance at the bingo intermission about 9.15 p.m.

Victoria ticket-holders have sent in application to bring friends or relatives to the bingo from all parts of the world. Ex-

penses for a two-day visit are being paid by the Kinsmen Club.

More than 5,000 tickets have been sold for the fourth Kinsmen bingo. Another 2,000 will go on sale at the arena tonight at 7.

Main prizes for 14 games include a deep-freeze, Indian rug, combination washer and dryer, and a \$3,000 fully-equipped 1956 Ford.

Doors open at the arena at 7.30 p.m., with the first game scheduled for 8.

## SHOPPING GUIDE

Protect Housewife's Hands—  
Use New Cleansing Gadgets

By PENNY SAVER

Nicked and pricked fingers sore from using a scouring pad on pots and pans can be quite tender and sensitive after a day of regular housework. Rather than irritate your hands why not take advantage of the new scouring pad holder that keeps metal splinters away. This gadget clamps onto the pad and sponge rubber plates protect you from the scouring section. They're selling at 49 cents. A small price for pretty hands.

Here's a wonderful little stapler that you can pop right into your purse. For your own desk or for at home or school, this stapler will certainly come in handy. The staples are small and can be bought in boxes of 10 strips for 50 cents. The stapler, staples and plastic case are yours for \$1.45. You committee and club women, as well as you students and working girls will find that this little mechanism will make keeping notes together no problem at all.

Ivy League clothes for the man-about-town are what you'll see in the top magazines, and a browse around town will show you that Victoria's stores are well stocked with the familiar muted-toned ivy league stripes and tweedy effect materials. The colors can be described as almost "antique," with their tarnished silver and bronze and wood green and gold tones. A twist shirt with button-down collar in these intriguing stripes costs from \$6.95 to \$7.95. An interesting new shirt is the Ivy League one with the lapel collar. When the shirt is done up, it looks like any other smart shirt, but with the top button undone, the neckline is transformed into a double-over lapel type. This is achieved by the collar being attached with an original styling, so that the shirt front and collar are slightly separated at the stitched-in section. Smart as it can be, it's \$8.50.

A soft wool with a cashmere finish is the new sportswear sweater I found. It has short sleeves and a three-way collared neckline. A line of little buttons a little way down the front gives this versatile sweater a feminine look. With the buttons undone, there's a casual sweater to wear with slacks and almost any skirt. Do up a few buttons and tuck in a scarf, and there is another casual but slightly sophisticated style. The tiny buttons run right up and over the collar, so that you can do them all up and have a turtle-neckline. In blue, red, pink or white, these sweaters are \$10.95.

Call me at 2-3131 and I'll tell you where to find the items mentioned here in the column from day to day.

Sweet and Sours, Chow Mein  
Make Tasty Chinese Dinner

A request has come into the Times women's department, for a Chinese sweet and sour spare ribs recipe! After a little quick delving into the files, we came up empty-handed, so turned to home economics teacher, Miss Shirley Nutter, who gave us one of the tastiest-sounding recipes

ever printed. Not only did she fill our request for Chinese sweet and sour, but she also sent along a recipe for quick Chow Mein. Now our readers can prepare a complete Chinese dinner!

## CHINATOWN SPARERIBS

Two pounds spareribs (have butcher cut ribs in 2-inch lengths), 1 tsp. peanut oil or pork fat, 2 tsp. brown sugar, 2 tsp. corn starch, 1/2 tsp. salt, 1/4 cup vinegar, 1/4 cup cold water, 1 cup pineapple juice, 1 tsp. soy sauce, 1 bouillon cube, 1/4 cup boiling water, 1/4 cup diced onions, 1/4 cup diced pineapple, 1/4 cup diced carrot, 1/4 cup diced green pepper.

Separate ribs, cover with boiling water. Cover kettle and simmer one hour, or until tender. Drain, brown ribs slowly in oil. Mix sugar, cornstarch and salt, stir in vinegar, cold water, pineapple juice, soy sauce. Add bouillon cube, dissolved in boiling water. Add this mixture to ribs and cook, stirring constantly, until the sauce is transparent. Add onion, pineapple, carrot and green pepper and cook until vegetables are tender. Serve with rice or fried noodles. Serves four.

## QUICK CHOW MEIN

One-quarter cup fat; 1 1/2 ounce can luncheon meat, cubed, or use 1 1/2 lbs. leftover pork or beef; 1 cup chopped onion; 1 cup diced celery; 1/4 tsp. salt; dash pepper; 1/4 cup water; 1 No. 2 can bean sprouts, drained 2 tsp. soy sauce; 1 tsp. sugar. Melt fat in skillet, add meat and onions. Cook until tender and golden. Add celery, seasonings, 1/4 cup water. Cook covered, 5 minutes. Add drained bean sprouts. Heat to a boil. Blend water, cornstarch, soy sauce and sugar. Stir into meat mixture. Simmer 5 minutes. Serve over crisp Chow Mein noodles. Serves six.

## LOUISE DAVIS

## On Etiquette

About displaying wedding gifts:

I have been told that when wedding gifts are displayed all the glassware, all the silver, etc., should be grouped together. Is that true? I have a lot of glass and hate to mass it in one place for it's sort of embarrassing.

Louise Davis answers:

There is no set standard for displaying gifts. I agree with you that all of your glassware in one place would be overpowering and out of balance. It's better that many items of one kind be separated. One enjoys using ingeniously and artistically in arranging gifts to give the look of conservative elegance.

You would hate to have a friend think, "Oh dear, I wish I had known that Mary was going to get so much glassware because I could have gotten her something else."

A bride who receives a half dozen or dozen of one silver pattern usually displays only one piece and puts the others away. That helps avoid the lavish look.

## NEW OFFICERS

At the national convention of the Canadian Association of Consumers held in Ottawa recently, Miss Isabel Atkinson, Saskatoon, was elected national president, succeeding Mme. H. E. Vautelet, Quebec City. Other members of the newly-elected executive are Mrs. J. G. White, Winnipeg, western vice-president; Miss Charlotte S. Black, and Mrs. L. V. Lillo, both of Vancouver, members-at-large.

## WHY GROW OLD?

By JOSEPHINE LOWMAN

Are You a 40-Plus, Mister?  
Appearance Still Important

Usually, from the time a young man begins using pomade on his hair and a young girl has her first pair of high-heeled shoes, they continue their interest in good grooming and attractive appearance. This interest may remain with them for life. Unfortunately, however, many men and women become increasingly careless about their grooming and appearance from middle age on.

I will not take time today to speculate on some of the reasons for this. Let's accept it as a fact. When they no longer have the vigor or bloom of extreme youth, just when they most need the help of good grooming and attractive clothing, they are apt to slump.

It is time for the woman of the house to take a hand when her husband, over 40 and becoming careless, begins answering tactful criticisms of his grooming and dress habits with comments like, "What's the use? I'm not going anywhere."

The woman of the man in the 40-plus bracket who has begun stretching the intervals between his haircuts and shaves and has taken to dressing like there's no tomorrow, might tell him about a group of men who refused to be relegated to the park bench and the back porch because they were 40-plus.

### BEAUTIFUL CHILDREN ... BY HOUSEZ

Sandra Lynn Major, shown in picture No. 1, leads off this week's layout of young people living or visiting in the Greater Victoria area. Sandra, who is 20 months old, is the daughter of Mr. and Mrs. Robert Major of Duncan. In picture No. 2 we see the children of Mr. and Mrs. R. F. Orme, 2840 Cad-

bore Bay Road. They are Stephanie Jane, age 9, and James Robert, 5 years old. The three boys shown in picture No. 3 are Clifford Lawrence Vessey, age 9, and his twin brothers, Royden James and Richard Eddy, age 6. They are sons of Mr. and Mrs. W. E. Vessey, 1409 Hillside Avenue.

### White, Sapphire Velvet Worn By Bride and Attendants

Flowing white velvet was chosen for her wedding gown by Marilyn Ethel Ferguson when she exchanged vows with William John Ellis in the Church of St. John the Martyr Saturday evening.

The ballerina-length gown was styled on Empire lines with a full, gored skirt over a hooped underskirt. Neckline was scalloped to a scoop and sleeves were fitted, extending to lily points over the hands. "Something old" was an heirloom locket edged with seed pearls and her fingertip veil of illusion net was caught to a Juliet cap of net flowers and seed pearls. She carried a white Bible topped with gardenias, having stephanotis knotted in the streamers.

Gowns of sapphire blue velvet, styled similarly to the bride's but having short, scalloped sleeves, were worn by attendants. Miss Marilyn Ferguson, maid of honor, and cousins of the bride, Misses Diane Barker and Carolyn Maysmith, bridesmaid and junior bridesmaid, respectively. They carried shirred velvet muffs with white chrysanthemums and streamers and wore shirred velvet headbands with sprays of white chrysanthemums at one side.

Best man was Robert Ellis, brother of the groom, and ushers were John Dodd, Abbotsford, and Kerry McKenzie.

Rev. J. S. P. Snowden conducted the service for the daughter of Mr. and Mrs. Alfred James Ferguson, 2629 Fernwood Road, and the son of Mr. and Mrs. William Geoffrey Ellis, 2192 Cranmore Road. Standard baskets of white chrysanthemums decorated the church for the candlelit, doubling ceremony, and during the signing of the register, "O Perfect Love" was sung by Philip Hughes.

Douglas Porteous played the bridal party into the Golden Slipper Ballroom for the reception to the tune of "Highland Wedding."

Unable to be present, F. R. Wille, now in Eastern Canada, sent a telegram proposing the toast to the bride, which was read by Keith Thompson.

The bride's table was centered by a four-tier wedding cake made by the bride's mother and iced and decorated by her father. For touring in Vancouver and Northern Washington on honeymoon, the bride chose a black velvet suit and hat topped with gold cashmere coat. Her accessories were black and she wore a gardenia corsage.

Mr. and Mrs. Ellis will live at 2450 Quadra Street.

### Wedding in Citadel Unites Young Couple

With autumn-toned flowers forming the background, Brigadier W. O'Donnell heard the wedding vows of Miss Mary Elaine Mackereth and George Henry Stevens, HMCS Naden, in a ceremony in the Salvation Army Citadel, Pandora Avenue, Saturday evening. The bride, daughter of Mr. and Mrs. P. W. Mackereth, 3461 Bethune Avenue, was given in marriage by her father. For the ceremony she wore a full-length gown of white satin overlaid with lace. Sequins and pearls trimmed the fitted bodice and long sleeves tapered to lily points over the hands. A fingertip veil embroidered with sequins was held by a jewelled tiara. Her only jewelry was a black diamond necklace, gift of the groom. Her bridal bouquet was a crescent of white carnations and red roses.

Matron of honor, Mrs. G. Spring, sister of the bride, wore a turquoise dress of net over taffeta and bridesmaid, Miss Joyce Allison and Miss Margie Ralph wore identical pink dresses. They carried colonial bouquets and wore floral bandeaux in their hair. Junior bridesmaid, Miss Eunice Spring, wore a yellow net over taffeta dress complimented with a colonial bouquet and hair bandeau.

The groom, son of Mr. and Mrs. L. Stevens, St. Catharines, Ont., had Terry Sutherland as best man and Bill Weeks and Bill Mackereth as ushers.

Miss Jean Chalk, accompanied by G. Clark, organist, sang "Because."

The bride's uncle, James Newton, proposed the toast to the bride at a reception party held in Loughheed's Banquet Hall. A three-tier wedding cake flanked by white candles and pastel flowers centred the bride's table.

Leaving for a mainland honeymoon, the bride wore a blue princess style dress with a red coat and black accessories. Her corsage was blue and white.

Mr. and Mrs. Stevens will live in Suite 15, 1046 View Street.

## THIEVES TAKE

## KITCHEN SINK

EDMONTON (CP)—The haul was small but the thieves were thorough when they broke into a school here during the week-end, police said today. After taking a hot plate, large mirror, tools and even food from a lunch room, they stole the kitchen sink.

## Plot Against

## Dutch Queen

## Denied by Govt.

THE HAGUE, Holland (UP)—The Dutch government officially denied today reports of a palace plot to unseat Queen Juliana and replace her with 18-year-old Princess Beatrix.

A government communiqué said there was "not a shadow of truth" in the allegations, carried Sunday by the British Sunday Pictorial in London.

It said the government was both "astonished and indignant" about the story which capped a growing flood of foreign press reports of a rift in the Dutch Royal Family over the alleged influence of "faith healer" Greet Hofman on the Queen.

New reports of a "rift" appeared today in the West Berlin tabloid B.Z. which originally broke the story of the faith healer. It suggested the Queen might either abdicate or be forced out of office.

"Will Holland's queen abdicate?" B.Z. asked today. "Will Princess Beatrix ascend the throne this year? These questions more than ever being discussed by the Dutch public."

It repeated its previous reports Miss Hofman's influence over the Queen had caused a new crisis in the palace and said the healer has convinced the queen she has a call to be Holland's "Peace Queen."

## Second Class Opens Tuesday

## For Retarded Children Here

Second free training class for retarded children will open here Tuesday in St. Barnabas' Church Hall, it was announced today by the Greater Victoria Association for Retarded Children.

Instructor of this second group will be Mrs. Ernest Currier whose appointment was ratified last week at a general meeting of the association. Mrs. Currier received her teacher training in Calgary and taught for many years in Alberta schools. She has conducted private classes for retarded children in Victoria for five years.

This class will supplement a morning class launched in September for the 6 to 9 age group and conducted by Mrs. A. E. Raymond. It will run from 12 to 2.30, will concentrate on handicrafts and enrolls children from 10 to 17.

The class has already been filled from applications received during the summer, and parents are asked to await notification before bringing their children down to the hall, inasmuch as a few students will be introduced gradually into the class each day.

With the filling of morning and afternoon classes in St. Barnabas' Church Hall, the association is launching an intensive search for additional quarters so that more children can be trained. Workable limit of children in each class is 12, according to association spokesmen.

Ultimate objective is permanent quarters, and also a permanent transportation system.

An additional appeal for parents of children to join the association,

# BOY SCOUT ACTIVITIES

**By FREEMAN KING**

**QUALICUM BEACH GROUP:** Akela Rev. W. H. Bulloch reports that there are now 29 boys in the pack, with several new boys coming in. Cubmaster Roy Bosson from Coombs, reported that his pack has an enrolment of 25 boys.

Apple Day for the Qualicum group will be Saturday, Oct. 27.

**SIDNEY GROUP:** At a special meeting called by the group committee it was decided to combine the two packs and continue to run with three leaders. Officials will work towards securing more adults to revise the other pack at a later date.

Andy sends a complete, 15-volume set of Compton's Figured Encyclopedia to Richard Calantropio, 12, Brooklyn, N.Y., for his question:

**What Is a White Dwarf Star?**

We are not surprised when a big bag of feathers weighs no more than a small brick. Brick material is more dense than loosely packed feathers. But imagine packing 20 tons of something into a single shoe! That stuff would be 2,000 times more dense than platinum. No such heavy material exists on earth. However, such dense stuff does exist in the white dwarf stars.

Our sun is an average sized star. There are giant stars that make it seem like a pigmy. There are also midget stars no bigger than sizeable planets. A few dozen of these white dwarf stars have been discovered as companions to bigger, brighter stars. The most famous one is the companion of Sirius, the Dog Star. Naturally, this star is called the Pup.

The Pup was found while astronomers were unravelling the mystery of double stars. Careful checking showed that Sirius travelled a wavy path. It took 50 years to show that the big star was making an orbit surely around some invisible companion. This work was completed in 1844.

Alvin Clark was a skilled lens grinder of Boston. In 1862 he finished a new 18-inch telescope lens for the University of Mississippi. Of course he peeked through it. What did he see? Clark got the very first view of the Dog Star's companion. Plans for that famous lens were upset by the War between the States. It now belongs to Northwestern University and is mounted at Dearborn. But nothing stopped the study of the new star.

The first data seemed most mysterious. The Pup's mass, or weight, was equal to 96 per cent of the mass of the sun. Yet our sun gave off 340 times more light. Was the Pup less brilliant because it was cooler? Not at all. Its surface temperature was around 8,000 degrees Centigrade, some 2,000 degrees hotter than the face of the sun. Instead of being red hot, the new star was white hot.

The biggest surprise came with estimates of the new star's size. Its diameter is about 28,000 miles. Here is a star no bigger

than the planet Uranus. There is room for a million earths in the sun. Imagine trying to pack 96 per cent of the sun's material into a space no bigger than five earths! The Pup star can do it. It may be small, but it is tremendously hot and heavy—it is a white dwarf star.

Brick material is heavier than feathers because it is more closely packed. But even in dense platinum there is space between molecules, between atoms and between the tiny particles of which atoms and molecules are made. Perhaps the Pup eliminates this kind of waste space. Certainly no space wasting molecules could exist in such hot, dense materials. Perhaps all the electrons, the outer shells of the atoms, are stripped away. This way, the smaller atomic particles could be more closely packed with less waste space between them. They could be jam-packed so closely together that a thimbleful of the dense material would weigh 500 pounds!

**READY FOR ADOPTION:** Spayed female, Skippy by name, an 18-month-old all-black collie type. Very gentle, very graceful, very fond of children. Ideal family dog.

Nearly all Labrador is "Jet," whose coat is as black as his name. Lean and lithe, he likes to gambol. Friendship with former people was broken up over chickens. If your home is far away from barnyard feathers, Jet's your boy.

Blazing Buena Vista Hotel at Cowichan Bay seen about 3.30 this morning as fire swallowed the 60-year-old wooden structure almost without a trace. All 11 guests escaped safely. A week ago, in sharp contrast, 84 persons were registered there overnight. (Other photos, Page 13.)

### Buena Vista Resort Lost in Dawn Blaze

By AB KENT, Staff Reporter

Lowering themselves on a rope of bedsheets saved a Seattle couple from flames which destroyed the \$100,000 Buena Vista Hotel at Cowichan Bay early today.

There was no loss of life and 18 persons including nine registered guests, escaped from their beds without injury. Two other guests were burned slightly.

Fire started, it is believed, in the kitchen or second-storey laundry room about 2 a.m., then spread rapidly through the 60-year-old frame structure with its more modern annex.

Loss is covered by insurance. Mr. and Mrs. Chef Costa, Seattle restaurant owners who arrived late Sunday on a fishing trip, were trapped in their second-floor room overlooking the front of the hotel.

Mr. Costa made a rope of bed clothes, lowered his wife to a canopy over the front steps, then climbed out himself.

### NEW SOLARIUM OKAYED; QUICK START PLANNED

Health Minister Eric Martin today approved plans for an \$800,000 building to house the Queen Alexandra Solarium at Gordon Head, facing Finnelly Bay.

Tenders for the first phases of construction of the new building will be called immediately.

The building will be in two levels with the entrance into the upper level containing the administration offices. The lower level will provide 64 beds. Completion target date is "early 1957."

Mr. Martin said one-third of the estimated \$800,000 cost will be paid by a provincial government grant-in-aid. Architect for the new building is Charles E. Craig of Victoria.

## Iraqi Troops Poised to Strike

Tension Grips Israeli-Jordan Border; Ben-Gurion Warns Against Interference

JERUSALEM (AP)—Tension gripped the Israeli-Jordan border today as a result of reports that 3,000 Iraqi troops were poised on Jordan's eastern frontier ready to move in to support young King Hussein's shaky government.

Israeli Premier David Ben-Gurion, in a speech to parliament said his country reserves freedom of action if the Iraqi army enters Jordan. The Israeli foreign ministry in a pointed statement obviously aimed at Britain warned against support for any such move.

Israel feared entry of Iraqi troops would pose a danger of attack against her. There was speculation that Israeli troops might mount a counterpush to shove her border back to a straight line between the Sea of Galilee and the Dead Sea, where there now is a big Arab bulge.

In his 90-minute speech Ben-Gurion lashed out at President Nasser, declaring: "The Egyptian dictator and his supporters openly declare that he is preparing to liquidate Israel, and he even announced that he was not fighting only against international Jewry and Jewish capital—a formula with which we are well acquainted from the speeches of Hitler... we are for self-defence and if we are attacked, we shall fight with all our strength to the end and that means till victory..."

At UN headquarters in New York, Jordan called for quick discussion by the Security Council of a "most serious" situation along the border. The council may meet Thursday to discuss the Jordan complaint that recent Israeli reprisal raids, in which a series of Jordan frontier posts have been wiped out with a large loss of life, are a threat to peace.

WAR NO SOLUTION  
But in his speech the 70-year-old Ben-Gurion said: "We are aware of all the terrors of war and the havoc it causes in life and property. We do not believe that there are any comprehensive solutions."

He thanked Canada and France for selling jet planes to Israel.

"We shall continue to demand

### Two Brothers Drown When Boat Capsizes

VANCOUVER (CP)—Marshall Higgins, 22, and his 16-year-old brother Bruce, of neighboring Surrey were drowned Sunday when their outboard motorboat capsized in wind and heavy seas off Horsehoe Bay, 15 miles north of here. They were among six British Columbians who met violent death over the weekend.

A companion, 23-year-old Lorne Pearson of Surrey, was rescued some five hours later from a small island where he managed to reach shore. He was taken to hospital in a state of shock and suffering from exposure.

The three were apparently fishing when their 12-foot boat overturned. An RCAF Canso and an RCMP launch searched the area but were unable to find any trace late Sunday, of either of the victims or their boat.

Pearson was unable to give any account of the mishap because of his condition, police said. They were unable to say where the accident occurred or how he managed to reach Boyer Island, where he was found by a water taxi.

Others who met death were: Mrs. Connor Ewenson, 65, found dead of domestic gas poisoning in Vancouver Sunday.

Frank Graf who was struck and killed by a car late Friday on the Alaska Highway near Fort St. John.

The names of two men killed in traffic accidents at Haney Saturday and downtown Vancouver Sunday were not released.

### Smoke Awakens Sleeping Guests

About eight employees including the manager, his wife and two children, plus four guests, slept in the south annex. The others and hotel owner were in rooms in the main building, which had one floor above the main level.

William Howell, Vancouver, relief government dock agent at Cowichan Bay, lived in the hotel since Oct. 1. He was in room 11, opposite the linen room where he believes the fire broke out.

Smelling smoke, he arose, dressed as quickly as he could, grabbed his camera and went into the hall where he met Duncan car salesman Kenneth E. Smith.

The two of them checked other rooms in the building to arouse guests then ran for the lobby. Howell picked up an adding machine, Smith the hotel register as flames began coming down stairs.

Two teen-aged maids, Ruth Robinson and Ruth Rawlinson, had made a similar round of guest rooms before the fire gained too much headway.

"The smoke woke me up," said Howell, who lost everything but what he wore, and his camera.

"I really moved—you don't think much in cases like that. I put on what I could, grabbed my camera and ran downstairs. I went back upstairs with Ken Smith. We checked to see that everyone was out and went down to the lobby.

"We couldn't have got back up after that because the flames were already coming downstairs."

"I never saw anything go so fast. Within three to five minutes the fire spread all over. We just grabbed what we could and said 'let's get out of here.'"

"The manager had just time to phone the fire department."

"I lost everything, including about \$110 in my wallet."

In the safe were about three days' receipts in cash, said Mr. Striethorst. An office desk, made of steel but badly buckled and burned by the intense heat, was balanced atop a furnace having dropped through the burning lobby floor. There was no sign of the safe in the heap of rubble.

"It sure went down quick," the manager commented this morning, surveying the charred site. "In two hours it was down like this."

With him in the annex were his wife and children, Jocelyn, nine, and Johnny, seven.

Jocelyn saved her piggy bank containing a few cents, but Jimmy Chan, head cook, lost \$600 of his savings by grabbing the wrong suitcase as he fled the burning building.

Closest other structure endangered by the blaze was the home of J. H. Lutz, located about 50 yards northeast of the hotel in direct line with flaming debris blown by a brisk wind.

He stood by in the searing heat with a bucket brigade in case his wooden house caught fire.

At Cowichan Bay Motor Court, at the rear of the hotel, two cabins were scorched. Occupants of one, F. W. Gooch, and his wife, of Victoria, packed and were ready to leave at a moment's notice, but relaxed when it was apparent they were out of danger.

"The saving grace was the wind," Mr. Gooch said. "It was blowing toward the water."

## Wreckage, Raft of Lost Plane Picked Up by Ship; No Life Seen

LONDON (AP)—U.S. Air Force headquarters announced tonight the British tanker Navicella has picked up a yellow raft in the area where earlier today two aircraft wheels were

found in the search for the missing U.S. transport plane with 59 persons aboard. There was no sign of life.

The raft, partly deflated, had American markings.

The wheels and raft were found about eight miles apart off the projected flight plan of the plane on its journey from Lakenheath, England, to the Azores last Wednesday.

Today's finds were the first clues since the C-118 suddenly vanished Wednesday night.

WIDE HUNT  
Since the transport vanished one of the greatest aerial searches ever undertaken has sent American and British planes flying over the Atlantic night and day looking for survivors.

The search now is centred on an ocean area 370 miles southwest of Land's End, southernmost extremity of England.

The Navicella, en route to Hamburg, put her helm over and slowly moved around the spot where she found the wheels hoping for the sight of rafts or dinghies with survivors or even more wreckage.

Six other ships as well as a covering of planes joined in the search.

"I really moved—you don't think much in cases like that. I put on what I could, grabbed my camera and ran downstairs. I went back upstairs with Ken Smith. We checked to see that everyone was out and went down to the lobby."

"We couldn't have got back up after that because the flames were already coming downstairs."

"I never saw anything go so fast. Within three to five minutes the fire spread all over. We just grabbed what we could and said 'let's get out of here.'"

"The manager had just time to phone the fire department."

"I lost everything, including about \$110 in my wallet."

In the safe were about three days' receipts in cash, said Mr. Striethorst. An office desk, made of steel but badly buckled and burned by the intense heat, was balanced atop a furnace having dropped through the burning lobby floor. There was no sign of the safe in the heap of rubble.

## Comox 'Lancs' Last in World ---RAF Retires Famed Aircraft

The Royal Air Force today retired the last four-engined Lancaster from active service, thus leaving Vancouver Island with the only operational Lancaster squadron anywhere in the world.

The "last Lanc" in England is making its final flight today, prior to being broken up.

One bomber will be preserved by the British Air Ministry's historical branch.

Vancouver Island's squadron of 12 planes is based at Comox, and is used on regular maritime patrols.

The 12 "Lancs" are the only ones anywhere fully armed and "ready to go" in the event of war.

A Comox air base spokesman

said today the RCAF expects to replace the Lancs "in the foreseeable future" with U.S.-built Neptune P2V Mark 7s, such as are used by the air force on the east coast.

The RCAF also has a few Lancasters based at Rockcliffe, used only for photography, and at Torbay, Newfoundland, for maritime rescue work.

The famous bomber made more than 156,000 sorties against the enemy, dropping more than 500,000 tons of high explosives and 5,000,000 incendiary bombs.

It was responsible for sinking the German battleship Tirpitz, breaching the Mohne and Eder dams, bombing Hitler's

hideout at Berchtesgaden and smashing the V-2 rocket centre at Peenemunde, in eastern Germany.

At the peak of its strength in 1944 bomber command had 42 Lancaster squadrons. The planes' makers, A. V. Roe and Company, built 7,360 of them.

Marshal of the RAF Sir Arthur Harris, wartime head of bomber command, said of the Lancaster: "To my mind it was the greatest single factor in winning the war."

Swede Frogman Dies in Panic On Radio Show

STOCKHOLM (Reuters)—Panic was believed to have caused the death of a Swedish frogman journalist, who died while broadcasting a commentary on a sunken galleon, preliminary investigation indicated Sunday.

Olle Strandberg, 46, dived down Saturday to the galleon, which sank in 1676 and which lies 50 feet down near Stockholm, with a microphone fixed to the belt of his frogman's suit. His description was recorded by technicians in a motor launch above for a radio program.

Strandberg, who was not accustomed to diving in frogman equipment, suddenly was silent and then began to talk incoherently. The launch crew began to haul him up but found that his lifeline had snapped.

Frogmen found Strandberg's body lying on the wreck of the galleon without his oxygen mask. He is believed to have tangled his lifeline in a loose deck plank and, in a fit of panic, to have torn off his mask instead of releasing his oxygen containers.

If he had released those, he would have automatically freed himself from his other equipment, and would have floated to the surface.

### RCMP Board Ship, Seize 5 Stowaways

MONTREAL (CP)—The RCMP, acting on a tip from European police, uncovered five Sicilian stowaways in a weekend raid on the French freighter Joliette as she sailed up the St. Lawrence River to Montreal.

An investigation was launched to determine whether the men were being smuggled into Canada by an alien ring or are wanted by European police.

Meanwhile, search of the 1,650-ton ship continued.

In addition to the stowaways, the RCMP arrested two members of the crew on charges of smuggling following discovery of a few dozen women's skirts and several dozen bottles of perfume. Seventeen bottles of cognac, on which duty had not been paid, were also seized.

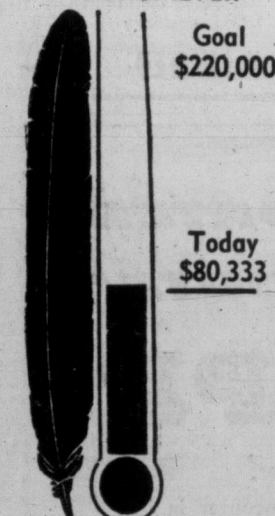

The raid was carried out Saturday by a 30-man RCMP detachment which boarded the ship at Father Point, Que. 150 miles downriver from Quebec City.

The Sicilians were discovered in an isolated cabin by the time the ship reached Quebec City. They were clean-shaven and well fed, "indicating that someone knew they were aboard and was taking care of them."

Neighbors were startled to learn that the shabby Van Huda house was crammed with riches. Some said they had lived in the area for 30 years and had never seen Miss Van Huda.

"That's not true," she said. "I was out 10 years ago. It's my feet. They keep me in most of the time. They always hurt me."

## Ike Increases Pace For Northwest Tour

WASHINGTON (AP)—President Eisenhower, this week steps up his election campaign while Democrat Adlai Stevenson continues to push his two main issues—a ban on H-bomb tests and criticism of vice-president Richard Nixon.

Eisenhower has on tap speeches five days in a row this week. Tuesday he leaves for the Pacific Northwest on his longest campaign foray since the fight began for votes in the Nov. 6 election.

Stevenson makes a country-wide radio-TV speech tonight and aides say he will press his proposal for a halt to hydrogen bomb tests.

Stevenson also will continue to make Nixon a "prime issue" during the last weeks of the campaign.

### CONTROVERSIAL POINTS

The controversy over Stevenson's H-bomb proposals continued to rage during the weekend. His suggestion that the military draft might be ended in the foreseeable future, when national security permits, also drew replies from administration spokesmen.

Nixon, speaking Saturday in Alexandria, Minn., accused Stevenson of "playing politics with America's national security on the draft issue."

Ten nuclear scientists from the California Institute of Tech-

nology issued a joint statement Sunday supporting Stevenson's bomb stand and calling for "free and open discussion" of such proposals.

In Knoxville, Tenn., Senator Estes Kefauver slapped again at Nixon, saying the vice-president is the Republican party "heir of the future" and will head what he called the "old guard" wing of the Republican party.

### NIXON A TARGET

A top Democratic campaign strategist told reporters the Democrats have found sufficient public antipathy for Nixon to make him a "prime issue" in the closing days of the drive. This strategist, refusing to be quoted by name, said Stevenson is counting on carrying the south and border states, Minnesota and Washington.

"Outside of these," he said, "we think we have our best chances in Michigan, Pennsylvania, California, Massachusetts and Rhode Island."

The biggest obstacle still is Eisenhower's personal popularity.

For Eisenhower, who observed his 66th birthday quietly with his family Sunday, the business of getting around the country more in a bid for votes starts Tuesday morning when he leaves for a four-day tour which will take him to the Pacific northwest.

## Stalinism Foe In Hungary Back In Good Graces

### Rakosi Blamed For Ousting

BUDAPEST (AP)—Hungary's Communist party took another big step Sunday toward liquidating the remnants of Stalinism by announcing that former premier Imre Nagy has been restored to party membership.

Nagy was ousted from the membership in April, 1955, and expelled from the Communist party seven months later on motions by Matyas Rakosi, the old Stalinist who himself was deposed from the party leadership last July 18.

Rakosi had accused Nagy of rightist deviationism. At the outset of his term as premier July 4, 1953, Nagy announced a program to increase production of food and other consumer goods to raise the Hungarian standard of living. His government cut land taxes and reduced the farmers' crop delivery obligations.

A wholesale reduction was announced on the prices of foodstuffs and industrial goods. This "new look," de-emphasizing heavy industry, paralleled a similar movement promoted within the Soviet Union during the premiership of Georgi M. Malenkov. Nagy fell soon after Malenkov resigned with a confession of errors Feb. 8, 1955.

**GREAT REVOLUTION**  
Since the de-Stalinization campaign started from Moscow last February there has been a great revolution against Stalinism in Hungary.

It was climaxed this week by the honorary reburial of numerous victims of the Stalin-Rakosi era purges and by the arrest of some leading figures who took part in their prosecution and torture.

Only Saturday the government announced the arrest of Lt.-Gen. Mihaly Farkas, former defence minister, and his secret policeman son, Vladimir Farkas, who helped in the 1949-50 investigation of such prominent Communists as former Foreign Secretary Laszlo Rajk and former Interior Minister Janos Kadar. Both Rajk and Kadar have been "rehabilitated," Rajk posthumously.

The exhumed bodies of five generals, now described as "innocently convicted and executed," were solemnly reburied Saturday in graves of honor at Budapest's Farkas Cemetery.

**HAS BECOME SYMBOL**  
Nagy, now 59, has become a symbol of everything opposing Stalinism. Some expect him eventually to return to high party councils—perhaps even to the premiership—if the trend toward liberalization continues.

The Communist newspaper Szabad Nep published an exchange of letters between Nagy and the Hungarian Communist Party's Central Committee. The exchange said there had been mistakes on both sides, but put most of the blame for Nagy's ouster on Rakosi.

## EISENHOWER NOW 66

WASHINGTON (AP)—President Eisenhower observed his 66th birthday quietly with his family Sunday—and remarked that "things look better again" regarding prospects for easing the Suez Canal crisis.

The birthday celebration at the White House was a respite for the president before four days of campaigning to the west coast, starting Tuesday.

## CANADA'S FIRST

## Firing of Rocket Delayed 24 Hours

FORT CHURCHILL, Man. (CP)—The first scientific rocket to be launched in Canada is expected to be shot more than 80 miles in the air Wednesday, 24 hours later than previously scheduled.

Trouble with certain of the scientific instruments it will carry to explore the upper atmosphere forced the postponement.

Lieut. Col. L. G. Smith of the U.S. Army Ordnance Corps, who is in charge of the project, said today the fault was not serious and could have been repaired in time for the scheduled firing if scientists and military experts had worked round-the-clock.

But the men had worked at

a tiring pace for the last two months and it was decided to delay the start.

The rocket, an American-built Aerobee, is packed with delicate instruments to measure the wind, temperature and density at heights never before explored by man. The data will be relayed by radio to scientists on the ground.

Because of the trouble, radio-relayed information would have been misleading, Col. Smith said. It was thought best, since it would be the first launching, to make the experiment as successful as possible.

While the rocket is capable of soaring up to 100 miles, N. W. Spencer of the University of Michigan, director of instrumentation, said he does not expect it to go beyond 85 miles.

The firing now is set for 10 a.m. MST Wednesday, at a camp 12 miles east of this Canadian-U.S. joint services centre, 610 miles north of Winnipeg.

The launching platform was built by the United States on the barren sub-Arctic tundra, on the west side of Hudson Bay, at a cost expected to be more than \$6,000,000. It is part of the American rocket exploration program for the International Geophysical Year, which begins next July.

In the next two months eight rockets will be launched.

## Hong Kong Riots Must Be Stopped Says Chou En-lai

LONDON (AP)—Premier Chou En-lai declared Sunday night Red China cannot permit further Hong Kong disorders on the doorstep of China.

The Communist Chinese leader's comments to a group of foreign correspondents in Peking were reported in a Tass dispatch broadcast by Moscow Radio.

HONG KONG (Reuters)—British troops and auxiliary police were withdrawn from emergency duties today as life in the British colony returned to near normal after bloody riots last week.

Fifty-one persons were killed during the riots, according to revised official casualty figures.

## Milk Men Ponder New Price Scale

### Higher Producer Payments Set; Dairies Will Fix Retail Rates

Victoria milk distributors will meet in conference this week to discuss the effect of the new price-fixing formula issued by the milk board in Vancouver.

A spokesman for the Victoria Pasteurized Milk Distributors' Association said today the new formula will not necessarily mean an increase in retail prices. It could even mean a drop.

"Each dairy will have to make its own decision as to whether a price increase is justified," the spokesman said. "We as an association cannot fix prices."

However, it is likely that if one distributor increased its price the others would soon follow.

A report that the retail price may be increased by two cents a quart is described as "premature."

All Vancouver Island dairymen today received a statement from the milk board in Vancouver telling distributors how much the producer shall be paid under the new Milk Act.

E. C. Carr, milk board chairman, announced that the minimum price for 4% butterfat milk to be paid to Vancouver Island producers for last month would be \$5.94 per 100 pounds.

Mr. Carr said a differential of 6.8 cents per 100 pounds will be applied for each 0.1% above or below the established 4% standard.

One Victoria dairyman said it might be "some time" before any change in retail milk prices goes into effect.

Another said dairymen would have to study the figures for

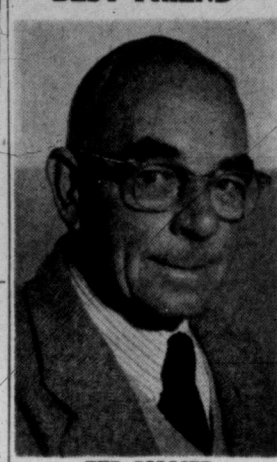

## Supplies Needed For Food Stall

Another surplus food stall will be held Saturday at the city market starting at 2 p.m. Stall operators urge that with present fall surpluses of fruits and vegetables, citizens bring their excess garden produce to the stall.

Fish and meat are also needed, and it is hoped these products may be realized when deep-freeze units are cleaned out for the season.

There are various pick-up points throughout the city and district. Additional information may be obtained by telephoning 3-9874.

## 'Back to School'

ONE of the very minor results of our recent election is that I decided to put out \$35 on a Junior Matriculation course known as Social Studies 30.

(It's given every Wednesday evening at the Central Junior High School. I learned about it from a pamphlet distributed by the Board of Education.)

Officially, it's described as "a course on Canada, its geography, its history from the earliest times to the present; its peoples and cultures; its political and government and their functions; and its role in international affairs."

I'm taking it because, after that Social Credit Rally, I came to the conclusion that it was high time for me to know a little more about this country in which I am a voter.

(I know very little Canadian history as, when I was 13, I was sent to England and consequently missed the Canadian history I should have got in high school.)

This, I figure, is my chance to learn. And, for me, it's easier to do it through a course than through independent reading. Left to my own devices, I'd probably be too lazy or too cluttered up with domestic chores to do the necessary studying. I wouldn't have the disciplinary deadline of a government exam held some time in June.

Actually, I'm a bit worried by the fact that I'm so much older than the others in the class. It's going to be a fight to keep up with those young brains. But I like that kind of fight. No challenge is no fun!

There were only six of us at the first lesson. But at the second, the number jumped up well, and the awful suspense of wondering whether we could have the course is over.

We're all set to go!

So far, we've had one lesson on the main

physical divisions of Canada, and one on the main physical divisions of B.C.

It's not geography as I learned it at school. Then, it was a dreary business of drawing maps of squiggly rivers and herring bone mountains, and memorizing dreadful lists of towns and products.

This is different. The squiggly maps and rivers are still there, but we go on to basic occupations, social conditions, the changes made by improved transportation. We learn about the problems of communication up and down the coast, about the isolation of communities set in the fertile valleys among the mountains. We learn about the problems engendered by taking precious arable land for industrial use. (What's happening to the Fraser Valley? What, nearer home, are subdivisions doing to the agricultural land in Saanich?)

As an adult, I can understand these things. I didn't in my youth.

The information pours out of Mr. Snowsell at such a rate that we can't daydream or let our attention wander for a moment. The mental stimulation is terrific. The class is spellbound from start to finish.

I've never had anything to do with adult education before. But, to me, there's great delight in seeing that big school all lighted up in the evening, and in watching the adults going to their classes.

I don't know how they feel about their courses. But I know how I feel about mine.

In my school days, my father paid the shot. Now, however, 35 bucks of my hard-earned column cheque have gone into this course. And, by Golly, I'm going to get my money's worth.

I hate the thought of that exam in June. But even if I fail it, I'll have learned a bit about this country and this province, about our constitution and our democratic rights and responsibilities.

Yessir! That's what Mr. Bennett's smiling, lighted picture did to me!

## LONDON LETTER

By WALLACE REYBURN

## Goldwyn Never Said It

LONDON—Goldwynisms are now as much a part of the language as Spoonerisms and Malapropisms. Who doesn't know that classic Goldwyn remark—"Include me out"? Almost as well known is his comment when he

saw a sun dial and was told it was a method of telling time by the sun—"What won't they think of next?" Most up-to-date Goldwynism: "I won't believe in color television until I see it in black and white."

Now, the interesting thing about all these Goldwynisms is that Sam Goldwyn never made them.

He is in this town on business and reporters and columnists flocked to his side and stood there with pencils poised, awaiting some typical Goldwyn gems about the Queen, Piccadilly Circus, the House of Commons or other things especially English. But nothing came.

He then confessed that he never delivered any of those remarks attributed to him and had no idea how the legend ever got started. His wife, who has been married to him for over 30 years, confirmed this.

She said that, over the years, if there was anyone in a position to hear Goldwyn make a remark such as "Anyone who bothers with a psychiatrist should have his head examined," it was she. But never had she heard a first-hand Goldwynism. "I know him well," she said. "He's just not clever enough."

A SHOCKING new magazine has made its bow here. Brought out by one of Britain's

biggest magazine outfits, it is a women's weekly periodical called *Mirabelle*—heaven alone knows why. It is not shocking in the sense that it should be censored. It's just that it is aimed at the lowest common denominator of mentality.

It is a love story magazine and its stories are told in pages of panels of drawings. It is the comic strip technique raised to the depths of corny romance. All that can be said in its favor is that at least it is not an English inspiration. The idea is borrowed from the Continent.

For quite a time now I have seen German and Italian maids who work in this country poring over this type of literature in magazines sent to them from home. We're sure progressing. Soon, with television and *Mirabelle*, we won't need to read at all.

FOR SOME REASON the recent episode of discus thrower Nina and the stolen hats has prompted several readers to write to me about a piece I did concerning my making a good fellow of myself quite accidentally by buying my wife a \$2.75 hat. Maybe it was the cheapest of the hats Nina made off with.

Quite right—Nina and I both get our women's hats from the same London store. It is a place called C and A on Oxford Street, just along the road from Selfridge's. It has long been noted as a bargain centre for women's clothing and an interesting aftermath of the Nina business is that every London paper you look at these days is splashed with full-page ads for the C and A store.

Prepared to cash in on the publicity, the store pointedly omits any reference in the ads to the fact that they sell hats.

# Children's Ice Rink Proposed for Arena

## TRUCKER NEGLIGENT IN DEATH OF ARCHDEACON, JURY RULES

A verdict of "culpable neglect" was returned by a coroner's jury here today in the car death September 25 of Archdeacon Robert Little, 75, 42 Kildew, Colwood.

The verdict was returned against coal truck driver Elvin Warren Slater, 21, 1308 Douglas.

The accident took place about one-quarter mile west of Parson's Bridge.

Mrs. Little, 73, was severely injured in the crash. Slater was not hurt.

In the smash-up the car was ripped open, top, front and side, and the archdeacon pinned underneath.

## Aldermen Also to Ask For Auditorium Setup

Expansion of Memorial Arena to include a children's skating rink and alterations to permit use of the main seated area as an auditorium, was suggested today to Greater Victoria Centennial Committee.

Ald. Geoffrey I. Edgelow, chairman of the group, said he was asking the committee to divert an anticipated \$70,000 centennial grant for that purpose.

The committee must decide soon how it will use the grant, which is expected to be paid early in 1957, if any project is to be completed by centennial year 1958.

The government has offered two grants. One of 40 cents per capita will be paid all municipalities planning 1958 celebrations, to assist with cost of festivities.

The other grant of 60 cents per capita is for a centennial project of "lasting value and significance." To obtain the second grant, municipalities must match the grant dollar for dollar.

Greater Victoria, which is considering one major project by all member municipalities, would have to contribute another \$70,000.

On a per capita basis this would mean Victoria would have to raise about \$31,800, Saanich

\$22,800, Oak Bay \$8,400 and Esquimalt \$6,600.

Alderman Edgelow said his plan would mean the north end of the arena would be torn out and a stage erected with a globe-shaped roof to provide better acoustics for symphony concerts. The children's skating rink would be built as an "ell" to the present building, using the same ice plant.

For concerts and conventions, removable seats would fill the arena floor area.

"All of Greater Victoria uses the arena. All of Greater Victoria would benefit. If we build an auditorium elsewhere we are going to hurt the arena business," Alderman Edgelow said.

The Hudson's Bay Company parking lot might be available for evening parking, he suggested.

"It is a method of getting an auditorium and it would cost less than building a separate one."

Alderman Edgelow said the plan would hinge on the city buying all the lots in the Arena-Curling Rink block and making the land available for the inter-municipal project.

## Wilson Confirms Sale Negotiations

Managing director J. Harold Wilson today confirmed negotiations are under way for sale of "stock and goodwill" of four W. and J. Wilson Ltd. stores in B.C. and Alberta.

Earlier reports that the premises, principally the store at 1221 Government at Victoria, were also to be included in the sale, he termed "rubbish."

He said the sale is expected to be completed within a week.

Prospective buyers were said to be Bruce B. Tingley, former assistant store manager of the Hudson's Bay Company here, William Clarke of McGill and Orme druggists, and Robert Thompson of National Cash Register Company.

Besides the Victoria store, which was founded in 1862 and is one of the city's pioneer operations, W. and J. Wilson Ltd.

## A CORRECTION

In Saturday night's Times, in a report of the impending sale of W. & J. Wilson to a local group of businessmen, it was incorrectly reported that Bruce B. Tingley was "former store manager of the Hudson's Bay Company."

Mr. Tingley's position at H.B.C. was assistant store manager. Manager of "The Bay" in Victoria is Clare N. Chubb.

## HE (OR SHE) MISSED PLANE

## Mystery Guest Worries Kinsmen

Victoria Kinsmen are mystified.

Will their "mystery guest" arrive here in time to be "unveiled" at a giant Kinsmen bazaar in Memorial Arena tonight?

The unidentified person was due here Sunday at 11.15 p.m., but missed plane connections at Montreal because of a visit to the washroom.

Now, weather and plane schedules permitting, he or she will not arrive until late this afternoon.

Meanwhile a room at the Empress Hotel, specially decked with flowers and greetings, is awaiting the mystery guest's arrival and Kinsmen are keeping their fingers crossed.

The guest, chosen from 3,400 applications, is supposed to make an appearance at the bazaar intermission about 9.15 p.m.

Victoria ticket-holders have sent in application to bring friends or relatives to the bazaar from all parts of the world. Ex-

## ASK THE TIMES

Q.—Will you please give me the names of the organizations that benefit from the Red Feather or Community Chest in British Columbia?—J.W.

A.—Your question has been communicated to the Victoria Community Chest campaign headquarters and a booklet supplying full information and explaining the operations of that public service will be mailed to you.

Q.—What is the population of Petawawa, Ont.?—A.R.B.

A.—Preliminary figures on the federal census of June, 1956, give it as 8,133. The 1951 census figure was 6,300.

Anyone wishing a question answered is invited to send the problem along to The Times, addressed to "Ask The Times" Editor. Questions and answers will be published daily.

All questions should deal with matters of fact and be of general interest. The Times does not undertake to solve conundrums.

This is all that is left of famed Buena Vista Hotel, popular Cowichan Bay landmark. Fire ripped through the structure early this morning, forcing guests to flee in night attire. Structure was leveled in three hours.

## \$100,000 EXPANSION AT VMD

### New Plate Shop To Be Constructed

Expansion of steel fabrication facilities costing upwards of \$100,000 is underway at Victoria Machinery Depot's Bay Street plant.

Main construction is of a plate shop equipped for high crane erection. It will be 60 feet high, 200 feet long, and 55 feet wide.

Recently completed is an adjoining stores building. VMD officials said today the expansion is necessary because of a flow of orders from B.C. industries, mainly pulp mills and oil refineries.

VMD is one of Victoria's oldest industries, founded 92 years ago. In recent years it has added to its shipbuilding and repairing activities by increased production of industrial machinery, steel and iron pipe, pulp digesters, oil cracking tanks, propane storage tanks, and other equipment used by heavy industry.

## Level Crossing Crash Sends Man to Hospital

PORT ALBERNI — A side-swiping collision between a half-ton truck and E & N locomotive hospitalized one and did \$800 damage to the truck late Saturday night.

In hospital suffering from unspecified injuries is Darryl Smith. His condition was termed satisfactory by West Coast General Hospital authorities this morning.

Driver of the truck, Wayne Nothcut, was released after a check-up. Second passenger, Betty Ann Walton, was uninjured.

The accident occurred shortly after 11.30 Saturday night when the truck skidded sideways into the train as it crossed the Rogers Creek level crossing. The truck was dragged some 50 feet down the track by the moving train.

## Victoria High Prizes Friday

Annual prize-giving at Victoria High School will be coupled with the official opening of the north wing Friday at 2 p.m.

Completed this summer, the eight-room addition will be declared open by Harry Smith, who retired as principal of the high school in 1955.

At an assembly in the auditorium, the Hon. Ray Williston, former minister of education, will present scholarships to 17 graduates.

## HUNTER SAFE AFTER NIGHT LOST IN WOODS

Robert Walker, 21, 2372 Belmont, is none the worse today for spending Sunday night in the woods when he became separated from his companion during an afternoon hunting expedition.

He was supposed to have met Fred Berry, 21, 3307 Aldridge, at 4 p.m. but took a wrong turning on a logging road.

He was found at 7 a.m. today by Berry and companions, huddled under a tree, cold and wet, in a box canyon.

## Ex-Lakehead Publisher Died Sunday

Former owner of The News-Chronicle in Port Arthur, Ont., Duncan Robert Harrison died Sunday at his home, 2535 Cotswold, at the age of 77.

A 32nd degree Mason, Mr. Harrison became charter member of the Aura Lodge when he retired to Victoria in 1952. He also was a member of the Victoria Kiwanis.

Born in Morpeth, Ont., he was first associated with The News-Chronicle in 1917 as a newspaperman and later bought the paper.

He sold the newspaper to the Thomson chain in 1950.

Prior to 1917 he was a member of the 96 Lake Superior Regiment and after attending the teacher's school of instruction in Toronto, he organized four cadet companies in Port Arthur schools.

## Education Panel Tuesday Night

"Pros and Cons of Modern Education" will be discussed by a panel at a meeting of the S. J. Willis PTA in the school auditorium Tuesday at 8 p.m.

Chairman and moderator will be Dr. Henrietta Anderson.

Panel members will be Dr. J. L. W. McLean, minister of St. Andrew's Presbyterian Church; Bob Baird, Hagar Investments Ltd.; Ald. Robert Macmillan; Mrs. Dorothy E. White, Miss Kathleen M. Thompson, and David Helmer, teachers at S. J. Willis.

Question and answer period will follow the discussion.

## Eight Injured As Car Rolls At Elk Lake

Eight young persons were injured, none seriously, when a rented car in which they were riding Sunday afternoon went out of control at Elk Lake and rolled twice in a nearby field.

Taken to hospitals in Saanich police cars and in the fire department ambulance were the driver, Sam Woo, 20, of 555 1/2 Fisgard, suffering lacerations to head and neck; Dave Bennett, 16, 417 Linden, with face bruises; Jackie Leone, 15, 568 Fisgard, back, head and leg bruises; Mark Lee, 15, 611 Chatham, bruised back and cut face; Ron Fox, 15, 1323 Rudland, injuries to back and neck; Leslie Buttery, 14 (a girl), 1960 Ash, ear, hand and knee lacerated; Carl Dewolf, 15, 1018 Balmoral, bruised back and Marlow Boag (a girl), 14, 1532 Richmond, shoulder and head bruises.

The first five were taken to the Royal Jubilee Hospital and the remainder to St. Joseph's.

Woo and the Buttery girl were the only ones admitted. Others were treated and sent home.

Damage to the 1956 U-drive was given as "more than \$1,000" by police.

## RCN Requires 200 Men Monthly Says Admiral

The Royal Canadian Navy needs an intake of about 200 men a month to keep up to authorized strength, Rear-Admiral H. S. Rayner, chief of naval personnel, said in Victoria today.

He is here on a five-day inspection tour of ship and shore installations.

Admiral Rayner said present strength was about 1,000 below the 20,900 authorized, but progress was "satisfactory."

He said new entries were fine types of young men.

Admiral Rayner addressed a ceremonial parade at the Canadian Services College, Royal Roads, today.

## BETWEEN TIMES By MONTE ROBERTS

The Canadian Tourist Association has conferred a signal honor on the city of Victoria.

(The Canadian Tourist Association, in case you are in doubt is devoted to the importing of tourists to Canada, not the export of Canadian tourists to other climes.)

And the Canadian Tourist Association has risen up and said, with one voice, Victoria tourist enticers are the best tourist enticers in this whole, wide, wonderful nation.

In proof of this, the Canadian Tourist Association has presented to the Victoria and Vancouver Island publicity bureau a large and richly embossed plaque.

The plaque sets forth, in no uncertain terms, the opinion that Victoria's tourist enticers did the best job of tourist enticing seen in many a long year.

So I am going to ask you to join with me in saying, Well played, chaps. Bully for you. Huzzah. And all that sort of thing.

But I am also going to suggest, our tourist enticing chaps must remember, to keep a straight bat, regardless of a sticky wicket.

You have done well, chaps. Flower baskets are an undoubted success, tally-ho's are holding their own, also tally-ho horses, and our supply of Olde English gardens appears to be adequate.

But what, I ask you tourist-enticing chaps, of the crumpets?

What, indeed, of that all-important duo, tea AND crumpets?

After all, chaps, one mustn't let the side down, must one?

And to not let the side down, one must face facts. After all, life is not all beer and skittles.

Life is tea and crumpets, too.

Even in Victoria, tea and crumpets are in grave danger of giving way to coffee and doughnuts.

One cannot gainsay this: one cannot have a little bit of Olde Englands when one asks for tea and crumpets in a commercial establishment, and all one is offered is coffee and doughnuts.

There is only one solution.

The popularity of coffee in juxtaposition with doughnuts is based on the efficacy with which doughnuts can be dunked in coffee.

Doughnut dunking has come close to spelling the end of tea and crumpets.

Chaps, (tourist enticing chaps, I mean), there is only one solution.

Get up a campaign to popularize crumpet dunking.

This shouldn't be too hard, because the absorbent qualities of a crumpet far exceed those of a doughnut.

Once we make crumpet dunking The Thing To Do, Victoria will become the Mecca of all Dunkers.

## SHOPPING GUIDE

## Protect Housewife's Hands—Use New Cleansing Gadgets

By PENNY SAVER

Nicked and pricked fingers sore from using a scouring pad on pots and pans can be quite tender and sensitive after a day of regular housework. Rather than irritate your hands why not take advantage of the new scouring pad holder that keeps metal splinters away. This gadget clamps onto the pad and sponge rubber plates protect you from the scouring section. They're selling at 49 cents. A small price for pretty hands.

Here's a wonderful little stapler that you can pop right into your purse. For your own desk or for at home or school, this stapler will certainly come in handy. The staples are small and can be bought in boxes of 10 strips for 50 cents. The stapler, staples and plastic case are yours for \$1.45. You committee and club women, as well as you students and working girls will find that this little mechanism will make keeping notes together no problem at all.

Ivy League clothes for the man-about-town are what you'll see in the top magazines, and a browse around town will show you that Victoria's stores are well stocked with the familiar muted-toned Ivy League stripes and tweedy effect materials. The colors can be described as almost "antique," with their tarnished silver and bronze and wood green and gold tones. A twill shirt with button-down collar in these intriguing stripes costs from \$6.95 to \$7.95. An interesting new shirt is the Ivy League one with the lapel collar. When the shirt is done up, it looks like any other smart shirt, but

with the top button undone, the neckline is transformed into a double-over lapel type. This is achieved by the collar being attached with an original styling, so that the shirt front and collar are slightly separated at the stitched-in section. Smart as it can be, it's \$8.50.

A soft wool with a cashmere finish is the new sportswear sweater I found. It has short sleeves and a three-way collared neckline. A line of little buttons a little way down the front gives this versatile sweater a feminine look. With the buttons undone, there's a casual sweater to wear with slacks and almost any skirt. Do up a few buttons and tuck in a scarf, and there is another casual but slightly sophisticated style. The tiny buttons run right up and over the collar, so that you can do them all up and have a turtle-neckline. In blue, red, pink or white, these sweaters are \$10.95.

Call me at 2-3131 and I'll tell you where to find the items mentioned here in the column from day to day.

## Sweet and Sours, Chow Mein Make Tasty Chinese Dinner

A request has come into the Times women's department for a Chinese sweet and sour spare-ribs recipe! After a little quick delving into the files, we came up empty-handed, so turned to home economics teacher, Miss Shirley Nutter, who gave us one of the tastiest-sounding recipes

ever printed. Not only did she fill our request for Chinese sweet and sour, but she also sent along a recipe for quick Chow Mein. Now our readers can prepare a complete Chinese dinner!

## CHINATOWN SPARERIBS

Two pounds spare-ribs (have butcher cut ribs in 2-inch lengths), 1 tsp. peanut oil or pork fat, 2 tsp. brown sugar, 2 tsp. corn starch, 1/2 tsp. salt, 1/4 cup vinegar, 1/4 cup cold water, 1 cup pineapple juice, 1 tsp. soy sauce, 1 bouillon cube, 1/4 cup boiling water, 1/4 cup diced onions, 1/4 cup diced apple, 1/4 cup diced pineapple, 1/4 cup diced green pepper.

Separate ribs, cover with boiling water. Cover kettle and simmer one hour, or until tender. Drain, brown-ribs slowly in oil. Mix sugar, cornstarch and salt, stir in vinegar, cold water, pineapple juice, soy sauce. Add bouillon cube, dissolved in boiling water. Add this mixture to ribs and cook, stirring constantly, until the sauce is transparent. Add onion, pineapple, carrot and green pepper and cook until vegetables are tender. Serve with rice or fried noodles. Serves four.

## QUICK CHOW MEIN

One-quarter cup fat; 1 12-ounce can luncheon meat, cubed, or use 1 1/2 lbs. leftover pork or beef; 1 cup chopped onion; 1 cup diced celery; 1/4 tsp. salt; dash pepper; 3/4 cup water; 1 No. 2 can bean sprouts, drained; 2 tsp. soy sauce; 1 tsp. sugar. Melt fat in skillet, add meat and onions. Cook until tender and golden. Add celery, seasonings, 1/4 cup water. Cook covered, 5 minutes. Add drained bean sprouts. Heat to a boil. Blend water, cornstarch, soy sauce and sugar. Stir into meat mixture. Simmer 5 minutes. Serve over crisp Chow Mein noodles. Serves six.

## On Etiquette

About displaying wedding gifts:

I have been told that when wedding gifts are displayed all the glassware, all the silver, etc., should be grouped together. Is that true? I have a lot of glass and hate to mass it in one place for its sort of embarrassing.

Louise Davis answers:

There is no set standard for displaying gifts. I agree with you that all of your glassware in one place would be overpowering and out of balance. It's better that many items of one kind be separated. One enjoys using ingenuity and artistry in arranging gifts to give the look of conservative elegance.

You would hate to have a friend think, "Oh dear, I wish I had known that Mary was going to get so much glassware because I could have gotten her something else."

A bride who receives a half dozen or dozen of one silver pattern usually displays only one piece and puts the others away. That helps avoid the lavish look.

## NEW OFFICERS

## WHY GROW OLD?

## Are You a 40-Plus, Mister? Appearance Still Important

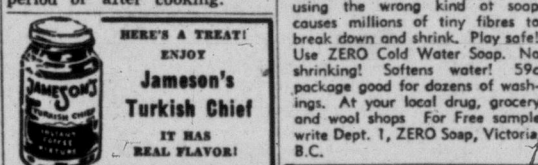

Usually, from the time a young man begins using pomade on his hair and a young girl has her first pair of high-heeled shoes, they continue their interest in good grooming and attractive appearance. This interest may remain with them for life. Unfortunately, however, many men and women become increasingly careless about their grooming and appearance from middle age on.

I will not take time today to speculate on some of the reasons for this. Let's accept it as a fact. When they no longer have the vigor or bloom of extreme youth, just when they most need the help of good grooming and attractive clothing, they are apt to slump.

It is time for the woman of the house to take a hand when her husband, over 40 and becoming careless, begins answering tactful criticisms of his grooming and dress habits with comments like, "What's the use? I'm not going anywhere." The woman of the man in the 40-plus bracket who has begun stretching the intervals between his haircuts and shaves and has taken to dressing like there's no tomorrow, might tell him about a group of men who refused to be relegated to the park bench and the back porch because they were 40-plus.

ESCAPE ON SHEET ROPE  
AS ISLAND HOTEL BURNSIraqi  
Troops  
Poised

JERUSALEM (AP)—Tension gripped the Israeli-Jordan border today as a result of reports that 3,000 Iraqi troops were poised on Jordan's eastern frontier ready to move in to support young King Hussein's shaky government.

Israeli Premier David Ben-Gurion, in a speech to parliament said his country reserves freedom of action if the Iraqi army enters Jordan. The Israeli foreign ministry in a pointed statement obviously aimed at Britain warned against support for any such move.

Israel feared entry of Iraqi troops would pose a danger of attack against her. There was speculation that Israeli troops might mount a counterpush to shove her border back to a straight line between the Sea of Galilee and the Dead Sea, where there now is a big Arab bulge.

WAR NO SOLUTION  
But in his speech the 70-year-old Ben-Gurion said: "We are aware of all the terrors of war and the havoc it causes in life and property. We do not believe that wars provide comprehensive solutions."

## FIRE SCENE

Blazing Buena Vista Hotel at Cowichan Bay seen about 3:30 this morning as fire swallowed the 60-year-old wooden structure almost without a trace. All 11 guests escaped safely. A week ago, in sharp contrast, 84 persons were registered there overnight. (Other photos, Page 13.)

\$100,000 Structure  
Lost in Dawn Blaze

By AB KENT, Staff Reporter

Lowering themselves on a rope of bedsheets saved a Seattle couple from flames which destroyed the \$100,000 Buena Vista Hotel at Cowichan Bay early today.

There was no loss of life and 18 persons including nine registered guests, escaped from their beds without injury. Two other guests were burned slightly.

Fire started, it is believed, in the kitchen or second-storey laundry room about 2 a.m., then spread rapidly through the 60-year-old frame structure with its more modern annex.

Loss is covered by insurance. Mr. and Mrs. Chef Costa, Seattle restaurant owners who arrived late Sunday on a fishing trip, were trapped in their second-floor room overlooking the front of the hotel.

Mr. Costa made a rope of bedsheets, lowered his wife to a canopy over the front steps, then climbed out himself.

On the ground were hotel owner Sam Moskovich and manager Ron Striethorst who caught Mrs. Costa as she jumped from the canopy, then helped break her 230-pound husband's fall when he jumped.

The hotel was levelled by 4 a.m. and efforts of Cowichan Bay volunteer fire department and B.C. Forest Service crew were directed at saving adjoining property from burning.

A smouldering heap of debris at 10 a.m., only pieces of concrete foundation, plumbing, and four brick chimneys beside an outdoor swimming pool indicated recent existence of a 42-room hotel.

About eight employees including the manager, his wife and two children, plus four guests, slept in the south annex. The others and hotel owner were in rooms in the main building.

RCMP Board  
Ship, Seize  
5 Stowaways

MONTREAL (CP) — The RCMP, acting on a tip from European police, uncovered five Sicilian stowaways in a weekend raid on the French freighter Joliette as she sailed up the St. Lawrence River to Montreal.

An investigation was launched to determine whether the men were being smuggled into Canada by an alien ring or are wanted by European police.

Meanwhile, search of the 1,650-ton ship continued.

In addition to the stowaways, the RCMP arrested two members of the crew on charges of smuggling following discovery of a few dozen women's skirts and several bottles of perfume. Seventeen bottles of cognac, on which duty had not been paid, were also seized.

The raid was carried out Saturday by a 30-man RCMP detachment which boarded the ship at Father Point, Que., 150 miles downriver from Quebec City.

The Sicilians were discovered in an isolated cabin by the time the ship reached Quebec City. They were clean-shaven and well fed, "indicating that someone knew they were aboard and was taking care of them."

Wreckage, Raft of Lost Plane  
Picked Up by Ship; No Life Seen

LONDON (AP) — U.S. Air Force headquarters announced tonight the British tanker Na- viella has picked up a yellow raft in the area where earlier today two aircraft wheels were found in the search for the missing U.S. transport plane with 59 persons aboard. There was no sign of life.

The raft, partly deflated, had American markings. The wheels and raft were found about eight miles apart off the projected flight plan of the plane on its journey from Lakenheath, England, to the Azores last Wednesday.

Today's finds were the first clues since the C-118 suddenly vanished Wednesday night.

Since the transport vanished one of the greatest aerial searches ever undertaken has sent American and British planes flying over the Atlantic night and day looking for survivors.

The search now is centred on an ocean area 370 miles southwest of Land's End, southernmost extremity of England. The Navicella, en route to Hamburg, put her helm over and slowly moved around the spot where she found the wheels hoping for the sight of rafts or dinghies with survivors or even more wreckage.

Six other ships as well as a covering of planes joined in the search.

Mr. Martin said one-third of the estimated \$800,000 cost will be paid by a provincial government grant-in-aid. Architect for the new building is Charles E. Craig of Victoria.

Health Minister Eric Martin today approved plans for an \$800,000 building to house the Queen Alexandra Solarium at Gordon Head, facing Finnerty Bay.

Tenders for the first phases of construction of the new building will be called immediately.

The building will be in two levels with the entrance into the upper level containing the administration offices. The lower level will provide 64 beds. Completion target date is "early 1957."

Mr. Martin said one-third of the estimated \$800,000 cost will be paid by a provincial government grant-in-aid. Architect for the new building is Charles E. Craig of Victoria.

Rock Workers' Union  
Officials Go to Jail

VANCOUVER (CP)—Two officials of the Tunnel and Rock workers Union of Canada were each sentenced in Assize Court today to four months in jail on charges of refusing to obey a court order against picketing.

Two other rockworkers were fined \$100 each on contempt of court charges.

Sentenced to prison were Arthur Andres, president of the union, and secretary William Hunkuk. Those fined were

union members Lawrence G. Regau and Henry Schieve.

Another union member, Norman Monroe, was acquitted, and Mike Skora, convicted on the contempt charge, failed to appear in court today and will be sentenced later.

Mr. Justice, Norman Whitaker, in sentencing the union officials, said "they should have continued to honor their Hod Carriers' contract and demanded recognition after the contract expired."

Swedish Frogman Dies in Panic  
Broadcasting From Sunken Ship

STOCKHOLM (Reuters) — Panic was believed to have caused the death of a Swedish frogman journalist, who died while broadcasting a commentary on a sunken galleon, preliminary investigation indicated Sunday.

Olle Strandberg, 46, dived down Saturday to the galleon, which sank in 1676 and which lies 50 feet down near Stock-

holm, with a microphone fixed to the belt of his frogman's suit. His description was recorded by technicians in a motor launch above for a radio program.

Strandberg, who was not accustomed to diving in frogman equipment, suddenly was silent and then began to talk incoherently. The launch crew began to haul him up but found that his lifeline had snapped.

Frogmen found Strandberg's body lying on the wreck of the galleon without his oxygen mask. He is believed to have tangled his lifeline in a loose deck plank and, in a fit of panic, to have torn off his mask instead of releasing his oxygen containers.

If he had released those, he would have automatically freed himself from his other equipment, and would have floated to the surface.

## \$50,000 in Tattered Currency Litters Ramshackle Shanty

WEST BABYLON, N.Y. (AP)—Police plan to count today the hundreds of crumpled bills and tarnished coins they found scattered through the ramshackle house of a retired cab driver and his reclusive sister.

Patrolmen stumbled on the dusty treasure hoard Saturday after John Van Huda, 58, telephoned and said two men had robbed him of \$12,000 at his home.

When police arrived they were astonished to find money littered through the nine-room Long Island house like so much trash. Each room was also stuffed with old newspapers, rags, boxes and bottles.

Rats had nibbled on some of the bills lying on the floor. Other bills were worn thin from passing feet. Police said two thugs posing as deliverymen talked Van Huda into letting them in. They hit him over the head and dug an estimated \$12,000 from under a mattress.

How much did the thugs miss? First estimate placed the total at \$50,000. But later Police Chief Percy Hempstead said he could not say how much there was.

Asked why the money was kept in the house, Van Huda's sister, Jeanette, 64, said: "That's because of that Hitler . . . Johnnie got very excited because he thought Hitler

was going to take over the whole world. He thought if he kept the money in the house, Hitler wouldn't look for it there."

Van Huda said: "You know how it is, you need money around the house for emergencies."

Neighbors were startled to learn that the shabby Van Huda house was crammed with riches. Some said they had lived in the area for 30 years and had never seen Miss Van Huda.

"That's not true," she said. "I was out 10 years ago. It's my feet. They keep me in most of the time. They always hurt me."

### FIRE

Continued from Page 1

which had one floor above the main level.

William Howell, Vancouver, relief government dock agent at Cowichan Bay, lived in the hotel since Oct. 1. He was in room 11, opposite the linen room where he believes the fire broke out.

Smelling smoke, he arose, dressed as quickly as he could, grabbed his camera and went into the hall where he met Duncan car salesman Kenneth E. Smith.

The two of them checked other rooms in the building to arouse guests then ran for the lobby. Howell picked up an adding machine, Smith the hotel register as flames began coming down stairs.

Two teen-aged maids, Ruth Robinson and Ruth Rawnigan, had made a similar round of guest rooms before the fire gained too much headway.

"The smoke woke me up," said Howell, who lost everything but what he wore, and his camera.

"I really moved—you don't think much in cases like that. But on what I could, grabbed my camera and ran downstairs. I went back upstairs with Ken Smith. We checked to see that everyone was out and went down to the lobby."

"We couldn't have got back up after that because the flames were already coming downstairs."

"I never saw anything go so fast. Within three to five minutes the fire spread all over. We just grabbed what we could and said 'let's get out of here.'"

"The manager had just time to phone the fire department."

"I lost everything, including about \$10 in my wallet."

In the safe were about three days' receipts in cash, said Mr. Striethorst. An office desk, made of steel but badly buckled and burned by the intense heat, was balanced atop a furnace having dropped through the burning lobby floor. There was no sign of the safe in the heap of rubble.

"It sure went down quick," the manager commented this morning, surveying the charred site. "In two hours it was down like this."

With him in the annex were his wife and children, Jocelyn, nine, and Johnny, seven.

Jocelyn saved her piggy bank containing a few cents, but Jimmy Chan, head cook, lost \$600 of his savings by grabbing the wrong suitcase as he fled the burning building.

Closest other structure endangered by the blaze was the home of J. H. Lutz, located about 50 yards northeast of the hotel in direct line with flaming debris blown by a brisk wind.

He stood by in the searing heat with a bucket brigade in case his wooden house caught fire.

At Cowichan Bay Motor Court, at the rear of the hotel, two cabins were scorched. Occupants of one, F. W. Gooch and his wife, of Victoria, packed and were ready to leave at a moment's notice, but relaxed when it was apparent they were out of danger.

"The saving grace was the wind," Mr. Gooch said. "It was blowing toward the water. Otherwise, this whole place would have gone."

The 35-year-old owner suffered a heart attack at the height of the fire and Mr. Striethorst had to rush away with

him for medical attention in Duncan. After a rest he was up and around inspecting the ruins this morning.

He estimated the loss at approximately \$100,000 and said he would rebuild the hotel immediately.

"Fortunately, there was no one hurt, but everyone suffered property damage," said the manager.

It was the hotel's second fire in its history. The first one destroyed most of the structure about the end of the First World War, said a village old-timer.

Mr. Moskovich, who took over operation of the hotel about four months ago, had just installed a swimming pool, water from which firemen used to fight the blaze.

He planned further alterations to start this week on the rambling, 200-foot-long hotel located on a rise slightly west of the old Island Highway overlooking the bay.

Flames roaring through the building were shot with brilliant blue from liquor in the cocktail bar and aluminum beer barrels in storage exploded sparks and fire 100 feet skyward.

Although they lost everything but nightclothes in the fire, Mr. and Mrs. Costa intend to continue their fishing trip planned for Mr. Costa's 33rd birthday.

Guest list: Mr. and Mrs. Costa, Seattle; Mr. and Mrs. H. Latoski, Vancouver; John MacArthur, Vancouver; C. A. Noddin, Vancouver; E. R. Brown, Vancouver; Alex Menallo, Vancouver; William Howell and Ken Smith.

Staff list: Mr. and Mrs. Striethorst and children; Mr. Moskovich; Ann Karpick, cook; Jimmy Chan, cook; Ruth Robinson and Ruth Rawnigan, maids.

He thanked Canada and France for selling jet planes to Israel.

"We shall continue to demand of the U.S. government defensive arms in the air, on land and at sea to deter the enemy," he said.

At UN headquarters in New York, Jordan called for quick discussion by the Security Council of a "most serious" situation along the border.

The council may meet Thursday to discuss the Jordan complaint that recent Israeli reprisal raids, in which a series of Jordan frontier posts have been wiped out with a large loss of life, are a threat to peace.

In his 90-minute speech Ben-Gurion lashed out at a President Nasser, declaring:

"The Egyptian dictator and his supporters openly declare that he is preparing to liquidate Israel, and he even announced that he was not fighting only against international Jewry and Jewish capital—a formula with which we are well acquainted from the speeches of Hitler . . . we are for self-defence and if we are attacked, we shall fight with all our strength to the end and that means till victory . . ."

Monckton to Quit?

LONDON (AP)—The News Chronicle predicts Defence Minister Sir Walter Monckton, 65, will resign in the next day or two to make way for a younger man.

The Royal Air Force today retired the last four-engined Lancaster from active service, thus leaving Vancouver Island with the only operational Lancaster squadron anywhere in the world.

The "last Lanc" in England is making its final flight today, prior to being broken up.

One bomber will be preserved by the British Air Ministry's historical branch.

Vancouver Island's squadron of 12 planes is based at Comox, and is used on regular maritime patrols.

The 12 "Lancs" are the only ones anywhere fully armed and "ready to go" in the event of war.

A Comox air base spokesman said today the RAF expects to replace the Lancs "in the foreseeable future" with U.S.-built Neptune P2V Mark 7s, such as are used by the air force on the east coast.

The RAF also has a few Lancasters based at Rockcliffe, used only for photography, and at Torbay, Newfoundland, for maritime rescue work.

The famous bomber made more than 156,000 sorties against the enemy, dropping more than 500,000 tons of high explosives and 5,000,000 incendiary bombs.

It was responsible for sinking the German battleship Tirpitz, breaching the Mohne and Eder dams, bombing Hitler's hideout at Berchtesgaden and smashing the V-2 rocket centre at Peenemunde, in eastern Germany.

At the peak of its strength in 1944 bomber command had 42 Lancaster squadrons. The planes' makers, A. V. Roe and Company, built 7,366 of them.

Marshall of the RAF Sir Arthur Harris, wartime head of bomber command, said of the Lancaster: "To my mind it was the greatest single factor in winning the war."

3 Cypriots Jailed

NICOSIA, Cyprus (Reuters)—Evangelos Panayiotou, a school teacher of Greek nationality, and two of his Greek-Cypriot pupils were sentenced to 10 years' imprisonment each here today after being found guilty of possession of a bomb at Larnaca last July.

## Milk Men Ponder New Price Scale

Victoria milk distributors will meet in conference this week to discuss the effect of the new price-fixing formula issued by the milk board in Vancouver.

A spokesman for the Victoria Pasturized Milk Distributors' Association said today the new formula will not necessarily mean an increase in retail prices. It could even mean a drop.

"Each dairy will have to make its own decision as to whether an increase is justified," the spokesman said. "We as an association cannot fix prices."

However, it is likely that if one distributor increased its price the others would soon follow.

A report that the retail price may be increased by two cents a quart is described as "premature."

All Vancouver Island dairymen today received a statement from the milk board in Vancouver telling distributors how much the producer shall be paid under the new Milk Act.

E. C. Carr, milk board chairman, announced that the minimum price for 4% butterfat milk to be paid to Vancouver Island producers for last month would be \$5.94 per 100 pounds.

Mr. Carr said a differential of 6.8 cents per 100 pounds will be applied for each 0.1% above or below the established 4% standard.

One Victoria dairyman said it might be "some time" before any change in retail milk prices goes into effect.

Another said dairymen would have to study the figures for

some time before determining the effect on the consumers' pocket book.

Before passage of the new Milk Act, the price paid to mainland producers was \$5.03 per 100 pounds of 3.5 per cent butterfat. Because of higher costs, Vancouver Island farmers received an extra 87 cents.

Under the new Act, which followed a royal commission investigation and a lengthy report by Mr. Justice J. V. Cline, a definite price-fixing formula geared to current costs is laid out.

But it is stipulated that the milk board must mail price schedules to distributors on the 13th day of each month.

Prices could vary in different parts of the province, depending on costs. They are not tied to a fixed scale as in the past.

Mr. Carr stated that total production of qualifying milk by producers in the Vancouver Island area was 3,884,036 pounds, of which 3,610,912 pounds (92.95 per cent) were utilized as class 1, and 273,124 pounds (7.05 per cent) were utilized as class 3.

## Supplies Needed For Food Stall

Another surplus food stall will be held Saturday at the city market starting at 2 p.m.

Stall operators urge that with present fall surpluses of fruits and vegetables, citizens bring their excess garden produce to the stall.

Fish and meat are also needed, and it is hoped these products may be realized when deep-freeze units are cleaned out for the season.

There are various pick-up points throughout the city and district. Additional information may be obtained by telephoning 3-9874.
